OWNER/APPLICANT AGREES TO COMPLETE ALL CONDITIONS REQUIRED BY THE DISTRICT.

Applicant's Signature: _____

Date: 6.15.16

Address: 2305 HISTORIC DECATUR ROAD (See above)

Phone: 619.930.5435

(On completion of above, present to the district that provides fire protection to complete Section 2 and 3 below.)

SECTION 2: FACILITY AVAILABILITY

TO BE COMPLETED BY DISTRICT

District Name: Rancho Santa Fe Fire Protection District

Indicate the location and distance of the primary fire station that will serve the proposed project:

2604 Overlook Point Dr., 1.3 miles

- A. ☒ Project is in the District and eligible for service.
☐ Project is not in the District but is within its Sphere of Influence boundary, owner must apply for annexation.
☐ Project is not in the District and not within its Sphere of Influence boundary.
☐ Project is not located entirely within the District and a potential boundary issue exists with the _____ District.
 B. ☒ Based on the capacity and capability of the District's existing and planned facilities, fire protection facilities are currently adequate or will be adequate to serve the proposed project. The expected emergency travel time to the proposed project is 2.85 minutes.
☐ Fire protection facilities are not expected to be adequate to serve the proposed development within the next five years.
 C. ☐ District conditions are attached. Number of sheets attached: _____
☒ District will submit conditions at a later date.

SECTION 3. FUELBREAK REQUIREMENTS

Note: The fuelbreak requirements prescribed by the fire district for the proposed project do not authorize any clearing prior to project approval by Planning & Development Services.

- ☐ Within the proposed project _____ feet of clearing will be required around all structures.
☒ The proposed project is located in a hazardous wildland fire area, and additional fuelbreak requirements may apply. Environmental mitigation requirements should be coordinated with the fire district to ensure that these requirements will not pose fire hazards.

This Project Facility Availability Form is valid until final discretionary action is taken pursuant to the application for the proposed project or until it is withdrawn, unless a shorter expiration date is otherwise noted.

LAW ENFORCEMENT SERVICES

PDS2015-MUP-15-008

Case Number

Harmony Grove Village South

Project Name

Planning and Development Services (PDS) is responsible for processing projects in accordance with all applicable policies, ordinances, and regulations. When reviewing a discretionary project, the Department is charged with determining if adequate law enforcement services are or will be available to the project concurrent with need and if new or expanded law enforcement facilities are needed as a result of the subject project or as a result of the cumulative projects in the vicinity. The adequacy of law enforcement services is determined by considering the project's consistency with the Safety Element of the San Diego County General Plan (Law Enforcement). Policy S12-1 of the Law Enforcement Section speaks to coordinating new law enforcement facilities and services with new development in ways that sustain the provision of comprehensive services at levels consistent with substantially similar areas of the County. The issue with respect to the California Environmental Quality Act (CEQA) is whether the project alone, or cumulatively, generates the need for new or physically altered law enforcement facilities. CEQA requires the environmental impacts associated with the provision of new or altered facilities to be analyzed.

To assist the PDS in evaluating a project's compliance with the Safety Element and determining the project's environmental impacts, please provide answers questions 1-7 below:

- 1) The project is within the Sheriff's San Marcos command area.
- 2) The existing facility within the command area is 453 dwellings in 229 structures and approximately 5,000 SF of commercial use in the "Center House."
- 3) Estimated population in the command area is 92,929 (US Census).
- 4) Number of sworn personnel currently serving in the command area is 91.
- 5) The project will result in the need for No additional sworn personnel.
- 6) If additional staff is needed, would this necessitate new or expanded facilities?
Please circle YES or **NO** and provide a written explanation supporting the response.

- 7) Provide any recommendations on design criteria and/or comments relative to other law enforcement concerns specific to the project.

To assist the Sheriff's Department with this request, PDS has attached:

- A vicinity map and a project plan/map
- A brief project description, including pertinent raw data (e.g., the total number of residential units, the estimated population at buildout, the total square footage and type of commercial or industrial activity, traffic counts, etc.)
- Information (if any) regarding the proposed use that may have implications for law enforcement. For example, will the project generate hazardous materials, or does it involve the manufacture or distribution of controlled substances?

Please review the attached information and complete and return this form to PDS, Sami Real, no later than _____ (21 days) along with any other supplemental information that would be helpful in evaluating the project's impacts on law enforcement services and facilities.

If you have any questions regarding this request or need additional information, please contact Sami Real, Chief with the Planning and Development Services, at (858) 694-3722.

DESIGN RECOMMENDATIONS:

- Provide adequate light for nighttime use of paths to and from the entrances and exits of buildings, and throughout the project or neighborhood.
- Make entrances clearly visible to patrols and the public.
- The Sheriff's Crime Prevention Unit is available for design and development consultation throughout the project.

THIS DOCUMENT IS NOT A COMMITMENT OF FACILITIES OR SERVICE BY THE DISTRICT On completion of Section 2 by the district, applicant is to submit this form with application to: Planning & Development Services, Zoning Counter, 5510 Overland Ave. Suite 110 San Diego CA 92123

ATTACHMENT

Sewer facilities to serve the project may be available subject to the following conditions:

1. Applicant must identify and evaluate all potential sewer service providers/agencies and demonstrate that the San Diego County Sanitation District ("District") is the superior preferred alternative based on economic and operational considerations.
2. Project must be annexed into the District and its Sphere of Influence by the Local Agency Formation Commission (LAFCO) in conformance with the California Government Code.
3. District approval of a project sewer study that addresses, at a minimum, the following elements: estimated sewage generation; identification of all required wastewater collection, treatment/reclamation, and storage facilities; preliminary design and layout of the facilities; identification of all costs associated with on-going maintenance and operation of the facilities; and financial analysis demonstrating how on-going facility costs could be funded by revenue generated from within the project without charging unreasonable fees to customers, as determined by the District.
4. Applicant will be responsible to fund and construct required facilities; to fund all plans, designs, and required studies; to obtain and pay for all necessary regulatory and operational permits; and to pay all costs associated with easement acquisition, annexation into the District, and any necessary agreements/improvements required by other agencies.
5. Applicant will also be responsible for all future conditions that may be placed on the project, including but not limited to: submission of facility plans, construction plans, and permitting plans, all to the satisfaction of the District.
6. Applicant must satisfy all conditions of map approval and improvement agreements, including construction by the developer and acceptance by the District of any necessary on-site or off-site sewerage facilities, property, and easements.

Reference: Project Facility Availability – Water
David Kovach, RCS Harmony Partners, APN 235-011-06, 238-021-08, 09 & 10

Gentlemen:

The above referenced project lies within the Rincon Del Diablo Municipal Water District's (Rincon's) Improvement District 1 (ID 1) service area. At this time, it is eligible to receive water for fire and normal domestic use following completion of the required facilities, in accordance with all District Rules and Regulations.

Please be advised that in response to critical water issues throughout the State, on August 11, 2014, the Board of Directors of Rincon issued a mandatory Level 2 Drought Alert as defined in the Drought Response Plan (Ordinance No. 08-120) and as amended in Resolution No. 14-04. The amended Resolution provides that at this time, Rincon will not suspend consideration of water availability certifications for all commercial projects and residential projects of more than one home, but may consider that action at a later date. If the current drought continues, Rincon may be forced to re-evaluate the Level 2 Drought Alert and impose further restrictions such as the suspension of new potable water availability certifications and rescinding outstanding certifications. Therefore, Rincon will re-evaluate water availability for this project at the time the plans are submitted and we are requested to determine requirements necessary to serve the project. The drought levels in Rincon's Drought Response Plan support those set by our wholesaler, the San Diego County Water Authority.

If you have any questions or require additional information, please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Randy Whitmann", with a stylized flourish extending to the right.

Subject: Project Facility Availability – Water
David Kovach, RCS Harmony Partners, APN 235-011-06, 238-021-08, 09 & 10

As you are aware, the Rincon del Diablo Municipal Water District (Rincon) filled out a Project Water Facility Availability Form for the subject project and included comments via an attached letter dated January 30, 2015 (January letter). Because of the continuing drought conditions, the County has requested that Rincon provide an update to the January letter. This letter, along with the January letter, shall provide our collective comments on the project.

On April 1, 2015, the Governor issued Executive Order B-29-15 proclaiming a continued state of drought emergency and mandated a 25% reduction in water use across the State. He further tasked the State Water Resources Control Board to develop guidance and regulations to obtain the 25% reduction.

The January letter referenced Rincon being in a mandatory Level 2 Drought Alert, where the district was not suspending the installation of new water meters for projects. Since the issuance of the Governor's Order, Rincon remains in a Level 2 Drought Alert but the ordinance has been modified where the availability of meters for projects are to be considered on a case-by-case basis. Therefore, the ability to serve this project will still depend on the drought conditions when the project is submitted for approval and will depend on restrictions placed by our water wholesalers, Metropolitan Water District and the San Diego County Water Authority, and subsequent actions by Rincon's Board of Directors.

We appreciate the opportunity to update our comments. If you have any questions or require additional information, please call.

Sincerely,

A handwritten signature in blue ink, appearing to read "Randy Whitmann", with a long horizontal flourish extending to the right.

Randy Whitmann, Senior Engineer
