1. **Rincon Verizon Minor Use Permit Modification; PDS2016-ZAP-03-016W1:  
Pala/Pauma Subregional Plan Area (J. Smyser)**

The request includes a Modification of an existing Minor Use Permit for a wireless telecommunication facility on the site of a large water tank. Several antennas exist on the site along with supporting equipment within an enclosure on the ground. The proposal would add a monopine, add new antennas on the monopine, move some existing antennas to the monopine, and add antennas and camouflaging to a separate existing pole. The existing equipment enclosure would be painted to match the water tank and screened with faux vegetation (APN: 132-160-31).
