Regular Agenda Items

1. Fuerte Tentative Parcel Map; PDS2018-TPM-21261, PDS2020-ER-20-004 (S. Sakdarak)

   The purpose of the hearing is not to approve or deny the proposed Tentative Parcel Map but to make a finding in accordance with the California Environmental Quality Act (CEQA) §15183. The request is for the Zoning Administrator to make a finding that the mitigation measures identified in the General Plan Update Environmental Impact
Report (GPU EIR) will be undertaken for a proposed Tentative Parcel Map pursuant to CEQA Guidelines §15183(e)(2). The ultimate approval or denial of the Tentative Parcel Map will be made by the Director of Planning & Development Services. The project is a minor residential subdivision of a 2.60-acre property into 3 residential lots. The project site is located at the northeastern corner of Fuerte Drive in the Valle de Oro Community Planning Area. Access for Parcel 1 would be from a private road easement connecting to Fuerte Drive, which is a public road. Parcels 2 and 3 would have access by a private driveway connecting to Fuerte Drive. The project site will be serviced by an on-site septic system and water will be provided by the Helix Water District. Earthwork will consist of a balanced cut and fill of 600 cubic yards with no imports required. The project site is subject to the Semi-Rural General Plan Regional Category and the Semi-Rural (SR-0.50) Land Use Designation. Zoning for the site is Rural Residential (RR). The proposed project is consistent with the development density established by the General Plan Update for which an Environmental Impact Report (EIR) was certified by the Board of Supervisors on August 3, 2011 (GPU EIR).
