New eComment for Zoning Administrator Hearing

James Burrell submitted a new eComment.

Meeting: Zoning Administrator Hearing

Item: 1. Casa Del Zorro Solar; PDS2019-AD-19-028; PDS2019-ER-19-11-003. If you would like to speak on this item call (619) 343-2539 and use ID 173 305 632#

eComment: I oppose the Casa Del Zorro Solar project. It will take away the beauty of that area. The Deep Well neighbors should not have to look at the mountains through solar panels that probably will reflect the sun light at them. Casa Del Zorro should place them on the many acres that their resort sits on not on such a public open beautiful piece of land.

eComment: I am strongly opposed to this project. Casa Del Zorro has a lot of property that this solar project could be located on. Why contaminate the beauty and peace of the Deep Well neighborhood by installing solar panels in such an open site. They will be an eye sore to the neighborhood. Let them build a parking garage locating them on top or have them locate the panels on their many acres of land. Solar is the way to go but not at the expense of the neighbor for a private business.

Hello Regina,

I just wanted to state that I am still opposed to the Casa Del Zorro solar site due to the close proximity to my home and view lots that I purchased.

I believe that powerful people and money will push the project thru no matter what DeepWell residents say or do to oppose the massive solar installation :-)

I just wanted to be on record and not be silent.

Best Regards,
