

# Comprehensive Renewable Energy Plan

Technical Advisory Committee  
October 2, 2014

1

---

---

---

---

---

---

---

---

## Project Background

- Advances in technology
- Increased interest in renewable/green building technology
- Renewable Portfolio Standard (RPS)

---

---

---

---

---

---

---

---

## Previous Actions

- Solar Ordinance Update
- Tiered Wind Energy Ordinance
- Residential Solar Building Permit Waiver Program

---

---

---

---

---

---

---

---

## Work Program

### 1. Determine an Optimal Array of:

- Energy Resources
  - Conventional Energy
  - Renewable Energy
  - Energy Efficiency
- Investment
- Labor

### 2. Develop a Smart Mix of:

- Policies
- Programs
- Best Practices

### 3. Achieve County Goals

- Sustainability
- Employment
- Future Economic Development

4

---

---

---

---

---

---

---

---

## Technical Advisory Committee

- Ad Hoc Committee
- 8 Members
- Backgrounds in developing, permitting and advocating for renewable technologies

5

---

---

---

---

---

---

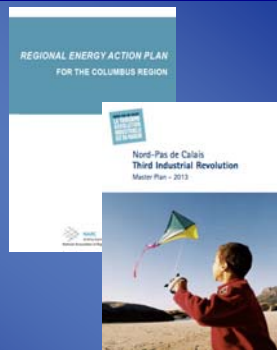

---

---

## Project Team

- Mid-Ohio Regional Energy Action Plan
- Third Industrial Revolution Master Plan Nord-Pas de Calais, France

---

---

---

---

---

---

---

---

## Project Schedule

- Technical Advisory Committee – Fall 2014
- CREP Report – Winter 2015
- Public Review – Spring 2015
- Planning Commission Workshop – Spring 2015
- Board of Supervisors – Summer 2015
