\*Extremely low-income housing need determined pursuant to Government Code 65583(a)(1). Value in Section 5 is default value, assumed to be half of the very low-income RHNA. May be overwritten.

Note: units serving extremely low-income households are included in the very low-income RHNA progress and must be reported as very low-income units in section 7 of Table A2. They must also be reported in the extremely low-income category (section 13) in Table A2 to be counted as progress toward meeting the extremely low-income housing need determined pursuant to Government Code 65583(a)(1).

Please note: For the last year of the 5th cycle, Table B will only include units that were permitted during the portion of the year that was in the 5th cycle. For the first year of the 6th cycle, Table B will only include units that were permitted since the start of the planning period. Projection Period units are in a separate column.

Please note: The APR form can only display data for one planning period. To view progress for a different planning period, you may login to HCD's online APR system, or contact HCD staff at [apr@hcd.ca.gov](mailto:apr@hcd.ca.gov).

These options will be presented to the Board of Supervisors in Spring 2023, as part of the Housing Options Project.                                                                                                                                                                               |
| Zoning Ordinance Amendments to Achieve Maximum Density                                                                                                                                                                                    | Amend the Zoning Ordinance by early 2023 to facilitate development on sites identified in the Sites Inventory for the 6th Cycle RHNA. Specifically, establish minimum densities for multi-family districts at 70 percent of the maximum allowable densities, with the goal of achieving an average development density at 80 percent of the maximum allowable density.                                                                                                                                                                                                                                                                                                                                                                                      | 0-2 Years                         | This project hasn't started yet. The County anticipates starting the implementation of this program in mid-2023                                                                                                                                                                                                                                                                                                                                                          |
| Diversity of Land Use Designation and Building Type                                                                                                                                                                                       | Maintain a mixture of residential land use designations and development regulations that accommodate various building types and styles, including but not limited to: small lot single-family homes; tiny homes; detached condominium Projects; townhomes; duplex/triplex/multiplex; courtyard apartments; bungalow courts; live/work units; mixed-use projects; moveable tiny homes; 3D printed homes; and new prefab housing types that meet state and local building code standards. Continue to explore innovative building types and housing options that can be implemented through the County's Zoning Ordinance by reviewing development designators and designations and amend the Ordinance as appropriate (in coordination with action 3.1.3.A). | Ongoing                           | The County continues to identify opportunities to ensure that land use regulations allow for a diversity of building types. Currently, the County is developing options for a small lot subdivision ordinance, as part of the Housing Options Project. Allowing for small single-family lots can help increase opportunities for middle-income housing development. The Housing Options Project is scheduled to be presented to the Board of Supervisors in Spring 2023. |
| Low to Moderate Inclusionary Ordinance                                                                                                                                                                                                    | Based on the results of the Inclusionary Housing Feasibility Study conducted in 2021, develop an Inclusionary Ordinance by 2022 with pre-determined set asides applicable to all housing projects of all sizes above a minimum threshold including incentives and reforms to help facilitate construction of affordable housing for lower- and moderate-income households.                                                                                                                                                                                                                                                                                                                                                                                  | 0-2 Years                         | The County has initiated the Inclusionary Housing Ordinance development process. Public review of the ordinance is scheduled to take place in Winter 2023, and public hearings are tentatively scheduled for Spring 2023.                                                                                                                                                                                                                                                |

| Objective Design Standards             | <p>Pursuant to SB 330, the County will review its development standards and design guidelines by the end of 2023 applicable to urbanized Census Designated Places to ensure they are objective to facilitate the development of housing.</p> <p>To streamline the design review process, the County will:</p> <ul style="list-style-type: none"> <li>•Encourage applicants to utilize existing objective design review checklists, waivers, and exemptions.</li> <li>•Implement Section 7015 of the Zoning Ordinance, allowing staff to act without Advisory Board recommendation if the recommendation is not provided within 60 days.</li> <li>•Conduct educational outreach with Community Planning Groups (CPGs) and Design Review Board (DRB) regarding Section 7015,</li> <li>•Address quorum issues by combining DRB and CPG meetings to allow CPG to vote when DRB does not have quorum.</li> </ul> | 0-2 Years        | The County has developed the initial scope of the Objective Design Standards project and received a grant from the SANDAG's Housing Acceleration grant application to seek additional funding for the effort. The project is anticipated to be completed by the end of 2023.                                                       |
| Residential Sites Inventory Monitoring | <p>Expand the County's Housing Production and Capacity Portal by the end of 2021 to monitor parcels included in the Residential Sites Inventory for this 2021-2029 Housing Element on a GIS mapping application designed for staff and public use, and available on the County's website.</p> <p>To assist the County with tracking its compliance with SB 166 (No Net Loss), the system should track:</p> <ul style="list-style-type: none"> <li>•Unit count and income/affordability assumed on parcels included in the sites inventory.</li> <li>•Actual units constructed and income/affordability when parcels are developed.</li> <li>•Net change in capacity and summary of remaining capacity in meeting remaining Regional Housing Needs Allocation.</li> </ul>                                                                                                                                    | Ongoing          | This effort is currently under way. The GIS mapping application, which is available to staff and members of the public has been updated to reflect the Sixth Cycle Housing Element Site Inventory. The County is working to complete additional updates to the GIS application in 2023 to track units and comply with no-net-loss. |
| Housing Yields in Mixed-Use Zones      | <p>The County will review the development code for opportunities to increase the likelihood and yield of residential development in mixed-use commercial zones. Specifically, review by the end of 2023 whether and where residential should be allowed as a primary use in commercial zones, and create objective standards for mixed-use developments, granting developers clarity and increasing the likelihood for the conversion of underutilized commercial to residential.</p> <p>The County will include mixed use and commercial sites as a consideration as part of the Feasibility Analysis of Expanded By-right Approval Program (3.1.1.O) for projects that provide 20% affordable housing onsite, and return to Board in December 2021 with funding/resource needs.</p>                                                                                                                       | 0-2 Years        | The County has started an initial analysis for the By-Right Approval Program that would apply to commercial and mixed-use sites. These options will be presented to the Board of Supervisors in Spring 2023, as part of the Housing Options Project.                                                                               |
| Replacement Requirement                | <p>Pursuant to State law, amend the Zoning Ordinance by the end of 2022 to require the replacement of units affordable to the same or lower income level as a condition of any development on a nonvacant site consistent with those requirements set forth in the State Density Bonus Law.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             | 0-2 Years        | The Zoning Ordinance Update process to comply with new state law is currently under way and expected to be completed in Spring 2023.                                                                                                                                                                                               |

| Housing Choice Vouchers (HCV)                           | <p>Continue to provide HCVs, including other Office of Public and Indian Housing funded vouchers, such as VASH, Mainstream, Family Unification Program, etc., to extremely low- and very low-income households. These vouchers are not restricted to specific jurisdictions within the service area of the local Public Housing Agency (PHA). The Housing Authority uses Small Area Fair Market Rents to improve access to high-resource areas, improve choice, and deconcentrate poverty. Additionally, each year Payment Standards are set at the maximum amount allowable based on the annual budget.</p> <p>Quantified Objectives:<br/>         •6,000 extremely low- and very low-income households assisted with HCVs in the unincorporated area over 8 years.<br/>         (Note: HCVs are available to income-eligible households PHA jurisdiction wide.)</p> | Ongoing          | <p>The Housing Authority of the County of San Diego (HACSD) has continued to administer the Housing Choice Voucher program for the unincorporated area and 13 other jurisdictions in the County. These options will be presented to the Board of Supervisors in 2023.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| Preservation of At-Risk Housing                               | Work to preserve the projects (totaling 22 units) identified as at risk of converting to market-rate housing. Strategies include:<br>•Monitoring project status annually.<br>•Ensuring property owners comply with the extended noticing requirements (three-year, one-year, and six-month notices) under state law.<br>•Include preservation as an eligible use in Notices of Funding Availability.                                                                                                                                                                                   | Ongoing          | In 2022, two Notices of Funding Availability (NOFA) were open and included language to encourage applications for preservation of unincorporated area affordable housing developments at-risk of conversion to market rate housing                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Home Repair Program                                           | Continue to provide home repair assistance to homeowners. Facilitate health and safety, accessibility, and weatherization improvements and installation of energy-efficient systems through this program. Annually explore additional funding opportunities from State and federal programs and emphasize outreach to communities (such as Backcountry) with concentrated substandard housing issues to expand participation in programs.<br>Quantified Objectives:<br>•30 completed home repair projects in the unincorporated area annually for 240 completed projects over 8 years. | Ongoing          | In 2022, the Home Repair program assisted 22 households in the unincorporated areas. Since 2021, 74 households in the unincorporated have been assisted.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| Public Education Programs                                     | Work with nonprofit organizations and other agencies in educating the public and community groups regarding the need for and benefits of affordable housing.                                                                                                                                                                                                                                                                                                                                                                                                                           | Ongoing          | Community meetings have been hosted on a variety of virtual platforms that include interactive features such as chats rooms, polls, and question and answer. For example, Resident Advisory Board (RAB) meeting facilitated on 11/01/2022 was held via Microsoft TEAMS and included polls, documenting feedback written in the chat feature, and documenting verbal feedback provided by members of the public. The County made efforts to broaden public participation for all community events and outreach campaigns including providing outreach materials in HCDS and County threshold languages, advertising on Facebook, the HCDS website, the County News Center, via mail and email, and providing physical copies of both English language and translated outreach materials. Additionally, all of the outreach/meeting platforms for landlord webinars, the Family Self-Sufficiency (FSS) program, and other related HCV programs was conducted via email, Microsoft TEAMS, Zoom, and Facebook. |

| Place-Based Strategies in Low-Resource Communities and Environmental Justice Communities | Implement place-based strategies in low-resource communities (Bostonia, Fallbrook, Spring Valley, and North County Metro), as well as environmental justice communities through Environmental Justice programs and policies. The place-based strategies will include anti-displacement strategies such as value recapture strategies, community-led programs to prevent displacement, foreclosure assistance resources, rent control policies, and protections for low-income renters. Development of these strategies will begin in 2022 and they will focus on revitalization and preservation of these communities and reducing displacement risks. | 0-2 Years        | This item has not started yet. PDS anticipates initiation according to the Board adopted implementation time frame of 0-2 years.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

| Department of Homeless Solutions and Equitable Communities | The creation of this new department will achieve better coordination of existing and future County homeless activities and programs and serve as a central point of contact and collaboration for outside partners in order to help vulnerable San Diegans and reduce homelessness in the region. | 0-2 Years        | HSEC accomplishments: 1. Operationalizing plans for compassionate emergency housing solutions. As part of these efforts HSEC launched Magnolia Safe Parking in Unincorporated El Cajon and 5 other sites are under DGS consultant review for safe parking, safe RV camping and sleeping cabins. Also exploring private/public partnerships for sleeping cabins. While these new solutions are explored, HSEC is leveraging RHAP program (Regional Homeless Assistance) to shelter those experiencing homelessness in unincorporated. HSEC is also leveraging Local Rental subsidy program for exits from RHAP. 2. HSEC launched \$10M capital emergency housing grant program in June 2022 and through this program 6 cities were awarded \$10 to establish new emergency shelters in their jurisdictions. 3. HSEC in partnership with City of SD launched 150 bed emergency congregate Rosecrans shelter. Also launched 22 bed safe haven for those with behavioral health needs. 4. HSEC also launched Housing and Disability Advocacy program in July, County outreach app in October. HSEC is continuing key programs: Housing our Youth, Community Care coordination programs for justice involved individuals. HSEC is launching eviction prevention program, flexible spending program, and senior pilot shallow subsidy program and HomeSafe flexible funding and case management for seniors program in January. 5. HSEC received HHAP, HDAP and HomeSafe funding to expand services to vulnerable populations. HSEC will be pursuing the encampment grant funding collaboratively with other jurisdictions to address large encampments in SD riverbed and other parts of the county. 6. HSEC direct services staff completed 17K engagements with homeless individuals, 3.5K self-sufficiency applications and housed over 1.5K individuals in FY 21-22. 7. HSEC is working with City jurisdictions to develop by name lists that will help focus and coordinate efforts in addressing homelessness. 8. Board of Supervisors declared homelessness a public health crisis in September 2022. 9. Board directed County staff to develop predictive analytics and prevention program that will leverage county data to prevent homelessness. |
| Proactive Housing Rehabilitation Resources                 | By the end of 2022, develop a proactive housing rehabilitation resources program that targets areas of concentrated rehabilitation needs to facilitate repairs and to mitigate potential costs, displacement, and relocation impacts on residents.                                                | 0-2 Years        | This program is underway and expected to be completed by the end of 2023.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

## **Appendix 2 – Housing Successors to Redevelopment Agencies**

On January 24, 2012, the County of San Diego was designated as the Successor Agency to the Redevelopment Agency. The Successor Agency is required to oversee the close out of the former Redevelopment Agency's operations. In accordance with Health and Safety Code Section 34176.1(f) of Senate Bill 341, a status update is provided of the assets of the two redevelopment areas, known as Gillespie and the Upper San Diego River Improvement Project. The County of San Diego Housing and Community Development Services has the responsibility of monitoring these developments annually and tracking the Low and Moderate Income Housing Fund. Fiscal year 2021-22 asset balances are identified in Attachment B. The Comprehensive Annual Financial Report outlines the financial activity for the Low and Moderate Income Housing Fund, as required by law.

## **SB 341 COMPLIANCE REPORT FOR THE COUNTY OF SAN DIEGO SUCCESSOR AGENCY TO THE FORMER SAN DIEGO COUNTY REDEVELOPMENT AGENCY**

On January 24, 2012, the County of San Diego was designated as the Successor Agency to the Redevelopment Agency of the County of San Diego (Redevelopment Agency). The Redevelopment Agency was subsequently dissolved on February 1, 2012.

The Successor Agency is required to oversee the close out of the former Redevelopment Agency's operations, following the steps established by California Assembly Bills XI 26 (AB XI 26) and 1484 (AB 1484), commonly referred to as the Dissolution Laws. Designation of the Successor Agency was necessary to retain and preserve assets, fulfill legally binding commitments, oversee the termination of activities, and return resources expeditiously to the affected taxing entities. Since the designation, and as required by the Dissolution Law, staff has ensured all appropriate actions have been taken to remain in compliance with legislation and State of California Department of Finance and State Controller procedures.

In accordance with Health and Safety Code Section 34176.1(f) of Senate Bill 341, Attachment A, is a status update of the assets of the two redevelopment areas, known as Gillespie and the Upper San Diego River Improvement Project (USDRIP). The USDRIP area contains two housing assets of the former Redevelopment Agency: Villa Lakeshore Apartments and Silversage Apartments. These assets are affordable housing developments that serve the community of Lakeside. The County of San Diego Housing and Community Development Services has the responsibility of monitoring these developments annually and tracking the Low- and Moderate-Income Housing Asset Fund, including program income. The fiscal year 2021-22 asset balances are identified in Attachment B.

Please refer to the Annual Consolidated Financial Report for the County of San Diego, pages 156, 161, and 177 which outline the financial activity for the Low- and Moderate-Income Housing Asset Fund, as required by law.

This report will be filed with the Clerk of the Board.

If you have any questions, please contact David Estrella, Director of Housing and Community Development Services at (858) 694-8750, or via email at [David.Estrella@sdcounty.ca.gov](mailto:David.Estrella@sdcounty.ca.gov).

Respectfully,

NICK MACCHIONE  
Agency Director

## NONMAJOR GOVERNMENTAL FUNDS

### SPECIAL REVENUE FUNDS

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

#### Asset Forfeiture Program Fund

This fund was established to account for the proceeds of assets that were seized and forfeited by federal and state agencies participating in asset forfeiture programs. These programs are law enforcement initiatives that recover assets used in criminal activities and redirects such assets and the investment income derived therefrom to the support of crime victims and local law enforcement initiatives. This fund is restricted for law enforcement.

#### Community Facilities District Funds - Other

These funds were established to provide services such as fire protection and suppression, emergency response, operation and maintenance of the facilities, and flood control to citizens residing within that specific district. CFDs are funded by special taxes levied on citizens residing within the district. These funds are restricted for fire protection and suppression, emergency response, operation and maintenance of facilities, and flood control.

#### County Library Fund

This fund was established to provide library services for the unincorporated area as well as 11 of the incorporated cities within the county. Property taxes provide most of the fund's revenues; aid from other governmental agencies, grants and revenues from library services provide the remaining principal revenues. This fund is restricted for library services.

#### County Low and Moderate Income Housing Asset Fund

Pursuant to Health and Safety Code 34176, the County elected to assume the housing functions of the housing assets of the former San Diego County Redevelopment Agency, along with the related rights,

powers, liabilities, duties and obligations. As a result, this fund was created on February 1, 2012, and the use of this fund is restricted for housing activities.

#### County Service District Funds

These special district funds were established to provide authorized services such as road, park, lighting maintenance, fire protection or ambulance service to specific areas in the county. They are financed by ad valorem property taxes in the area benefited or by special assessments levied on specific properties. They also derive revenue from cities and from services provided to property owners. This fund is restricted for road, park lighting maintenance, fire protection and ambulance services.

#### Edgemoor Development Fund

This fund was established pursuant to Board Policy F-38, which provides guidelines for the use, development and disposition of the County's 326 acres of property located in the City of Santee, known as the Edgemoor Property. Revenues are derived from the sale or lease of land within the Edgemoor property, and these revenues are to be used for the reconstruction of the Edgemoor Skilled Nursing Facility. A portion of these reconstruction costs include an annual transfer to reimburse the General Fund for annual lease payments associated with the 2014 Edgemoor Refunding COPs, which refunded the 2005 and 2006 Edgemoor COPs. Those COPs were used to fund the redevelopment of the Edgemoor Skilled Nursing Facility, which was completed in 2009. The federal reimbursements with the SB 1128 program are also deposited into this fund. This fund is restricted for Edgemoor development.

#### Flood Control District Fund

This fund was established to account for revenues and expenditures related to providing flood control in the county. It is financed primarily by ad valorem property taxes. This fund is restricted for flood control future drainage improvements.

#### Harmony Grove Community Facilities District Fund

This fund was established to account for services provided such as fire protection, emergency response, street improvements, flood control, street lighting, and the maintenance and operation of parks for the
