

Letter
I33

From: Lori Jacobs
To: CAP
Subject: County Climate Action Plan - Greenhouse Action
Date: Sunday, September 17, 2017 7:26:40 PM

Dear County Friends,

I support the effort to include roundabouts in my community of Valley Center as an effective strategy to keep our traffic moving through town as we grow... and I also support roundabouts region-wide as a smart strategy to lower overall consumption of gas and decrease greenhouse emissions.

We need to do everything that we can to be wise stewards of our environment and planet, and roundabouts is a relatively easy and painless way to make a difference that will benefit all of us.

Please add roundabouts to your Climate Action Plan and help us all be leaders in reducing greenhouse gas emissions.
