County of San Diego, Planning & Development Services

This form serves as the Preliminary Application for housing development projects seeking vesting rights pursuant to SB 330, the Housing Crisis Act of 2019. After submitting this Preliminary Application, an applicant has 180 days to submit a full application, or the Preliminary Application will expire.

Development projects eligible to receive the vesting rights pursuant to SB 330 include housing development projects that include residential units, mixed use projects with a minimum of two-thirds of development square footage designated for residential use, or transitional or supportive housing projects (as defined in California Government Code Section 65650). A final determination on a project's qualification will be made by PDS after reviewing a complete SB 330 application.

After submitting the information required, if the development proponent changes the number of residential units or square footage of construction by 20 percent or more, excluding any increase resulting from Density Bonus Law, a new Preliminary Application needs to be resubmitted.
