

County of San Diego Cannabis Social Equity Program Community Outreach Event

**Help the County of San Diego Shape a
Cannabis Program with Social Equity at its Forefront**

We need your input!

The County of San Diego is seeking input from residents on how best to develop and implement a Cannabis Social Equity program. The goal of a Cannabis Social Equity Program is to recognize and address the long-term impact that federal, state and local cannabis enforcement and policies have had on underserved communities.

Come ready to share your thoughts on:

- What is important in a Social Equity Program?
- How can a Social Equity Program help our community?
- How should we create the program?
- Who should be at the table to help co-create this program?

This will be a zoom meeting.
