

### **I16 Wen Chang**

- I16-1** The comment contains an introductory statement that refers to health effects occurring after turbines have been installed in the neighborhood of Ribbonwood Road in Boulevard, specifically mentioning several cases of cancer, insomnia, anxiety, and depression. Please refer to Global Response GR-2, Public Health. This comment does not raise an issue regarding the adequacy of the analysis in the Campo Wind Project with Boulder Brush Facilities Draft Environmental Impact Report (EIR); therefore, no further response is required.
- I16-2** The comment states that an acoustic expert showed the commenter how the invisible frequencies of waves penetrate our bodies causing health symptoms. Please refer to Global Response GR-2. This comment does not raise an issue regarding the adequacy of the analysis in the Draft EIR; therefore, no further response is required.
- I16-3** The comment suggests that the County of San Diego should have someone stay near the turbines for several days in order to imagine what the wind turbines do to residents. The comment also provides information regarding the author's past work history, and states that a project like this destroys human health, before presenting the concluding remarks to the letter. Please refer to Global Response GR-2. The comment does not raise an issue regarding the adequacy of the analysis contained within the Draft EIR; therefore, no further response is required.
