

I21 Mary Dauphine

- I21-1** The comment consists of a cover letter introducing the attached Boulevard resident letters previously submitted to the Bureau of Indian Affairs. This comment does not raise an issue regarding the adequacy of the Draft Environmental Impact Report (EIR); therefore, no further response is required.
- I21-2** This comment consists of 17 comment letters from residents to the Bureau of Indian Affairs regarding the Draft Environmental Impact Statement (EIS) for the Campo Wind Project with Boulder Brush Facilities (Project). The 17 attached letters contain identical language stating that the signatory is opposed to the Project because it would cause impacts to the environment, their health, their safety, and their home. It also contains a request to consider the Draft EIS Alternative 3: No Action Alternative. Please refer to Responses to Comments 17-1, 17-2, 30-1, 31-1, 32-1, and 33-1 in Appendix T, Response to Public Comments, of the Final EIS¹. The content within each of these 17 letters does not raise a specific issue pertaining to the adequacy of the analysis contained within the Draft EIR; therefore, no further response is required.
- I21-3** The comment consists of a completed 2019 Wind Turbine Survey form. The document contains a statement that provides a history of the wind turbine development within rural eastern San Diego County since 2005, and then provides a checklist of health symptoms. Please refer to Global Response GR-2, Public Health. This comment does not raise an issue related to the adequacy of the analysis contained within the Draft EIR; therefore, no further response is required.

¹ The Final EIS prepared for the Project can be found at <http://campowind.com/>.
