- T2-1** This comment was submitted to the Bureau of Indian Affairs in response to the Draft Environmental Impact Statement (EIS) prepared for the Campo Wind Project with Boulder Brush Facilities (Project). This comment expresses opposition to the Project due to environmental impacts and impacts to health, safety, and homes. This comment requests consideration of Alternative 3, the No Action Alternative for this Project. This comment was signed and submitted by 7 members of the Campo Band of Diegueño Mission Indians and was addressed as part of the Response to Comments for the Draft EIS. The comment does not raise any specific environmental issue regarding the analysis of the Draft Environmental Impact Report within the meaning of the California Environmental Quality Act; therefore, no further response is required.
