I Jan S Minn,

I don't want Solar Panels
because our water (ground) will
be poisoned and that is going
to be the worst thing for our town.
The pesticides will blow in the winds
why not put this in The Imperial
Valley. To many Trucks destroys
the peace & roads are ruined, noise
pollution we like are peace.
This is a agriculture land, why aren't
you preserve the land for Agriculture.

We people want more of our
town a Scenic Hwy,
The Panels will Block to View
we have a airport and this is a danger
to the glider plans. We don't want
chain link fence in our town
that change our trials, we want
our old dain, Not harrow down.
We don't want a Second Stick Station.
What about the Temperature in the
area will raise, we don't want the
temp. rise

6505 81 We want a Bigger buffer
on the East side & the South side
We own School to open, we need
more Houses & more people not
a industrial park
