Nick and Sean,

I am having trouble accessing the Plot Plan from the public review webpage (as soon as I try to scroll to Sheet 3) via internet explorer. I noticed this file is rather large (over 75MB) and that there probably needs to be a link to each sheet of the Plan. I would imagine folks out in the project site area would also have a difficult time accessing this file. Check it out and let me know what you find.

Thanks,
