Coronavirus Disease 2019
COVID-19

There are two ways you may participate this afternoon – by using Microsoft Teams on your computer or by phone.

To ensure that everyone who would like to speak has the opportunity, we ask that you keep your comments to no more than 3 minutes.

I will ask that you please conclude your comments if you begin to exceed 3 minutes.

If you are participating by phone, we will call out the last four digits of your phone number. When your number is called, please dial *6 to unmute your line. Please either make a comment or state that you do not wish to provide one. We will begin the comment period with those participants who are calling in by phone.

If you are participating on the computer through Teams and wish to provide a comment, please use the button to raise your hand. That button is located on the tool bar. We will let you know when it's your turn to speak by calling your name. At that time, please unmute your microphone and begin your comment.

As a reminder, please do not use the "chat" feature to make comments or ask questions.

Again, thank you for your patience with this meeting format.

We will begin with those participants who called in by phone.

Participant with the last four digits of _____, please press *6 to unmute your line and begin your comment or state that you do not wish to provide one.

*Nick will thank them and/or respond to questions.

We have provided all callers the opportunity to participate. We will now take comments from participants who have clicked on the raise hand button. As a reminder, please keep your comments to 3 minutes.

_____, please unmute your microphone and begin your comment.

*Nick will thank them and/or respond to questions.

We have now heard from all of the participants who indicated that they wished to participate by raising their hands.

Thank you for all of your comments and questions. I'll now turn the meeting over to Nick Koutoufidis.
