Chairperson Elliot-Santos and Ms. Haws –

The Imperial Valley Museum has requested that the artifacts collected during the survey, testing, and grading of the project be curated with them. They currently house collections from the ECO substation and would like to have the collections kept together. Please advise if you agree with the request which would mean that artifacts would go to the Imperial Valley Museum instead of being returned to the tribes or curated at a tribal or San Diego curation facility.

Please let us know by November 30, 2020. If we do not receive a response, we will assume that you are not opposed to the request.

Sincerely,

Donna Beddow
