Subject: status of the JVR Energy Park solar project

Hi Nick,

I am getting ready to hold a Jacumba Sponsor group meeting on Tuesday, Dec.22, 2020 and I want to provide the group with an update on the proposed JVR Energy Park project. How many responses did the PDS receive on the project's DEIR? Has PDS made a determination as to whether to move forward with the project? If so, when will the community of Jacumba get another chance to provide feedback on the project?

Hope you will be able to provide an update to me before my meeting. Thanks in advance for your quick response.
