New eComment for Planning Commission Hearing

Demetrios Glaros submitted a new eComment.

Meeting: Planning Commission Hearing

Item: 3. JVR Solar; PDS2018-MUP-20-008. If you would like to speak on this item call (619) 343-2539 and use ID 4803 576 046#

eComment: I oppose this project as the significant environmental and health impacts are not truly mitigatable. It's all smoke and mirrors and greed based at the expense of a historic community. We should follow the European solar footprint of placing the projects within the cities that are utilizing the energy. They are not destroying their open spaces and vital farmland. We can't eat energy!! Find below the physics realities of Solar and Wind Energy by Prager University <https://youtu.be/RqppRC37Ogl>
