Hi Lara,

These are the labels that were highlighted that needed reprinting. The reason it says Regan is that is who assembled them and got them to Lily for printing. I have confirmed these are for the JVR project.

Thank you,

Bronwyn

Are these the right labels? Is there anything else that needs to go to downtown?

Good afternoon:

Attached please find the labels that were provided to our department for mailing of the notices for the JVR Energy Park item. There are over 40 labels that have all or part of the address missing. The file attached contains yellow highlighted items with incomplete addresses.

Do you want to provide new labels for only those highlighted in yellow? We do not want a whole new batch of labels as we have already stuffed and labeled the rest of the envelopes. I want to avoid having to re-do our work as there are close to 900 labels with 6 notices each.

Please advise.

Thanks,
