Hi everyone,

Can you please help me with this? See below. Can you send me a short write up on each of the items going on 8/18 today? Use language from the BL and PowerPoint to make it easy. Need by COB today. Thx and sorry for short notice.

Thanks,

Subject: PPT Presentations for Aug 18 Board meeting

Mark

Can staff share with me the PPTs and stakeholder lists for your items on Aug 18th? I am aware that the PPTs will most likely change before the meeting, but I will not be sharing the presentations with anyone outside of LUEG. I am asking for PPT presentations because they help me understand the salient points of the project/action, which helps as I reach out to stakeholders. The board letters are great, but the PPTs points do a great job of synthesizing the information I need for my stakeholder outreach efforts.

Does staff already have a summary of the feedback they have been getting from stakeholders? If so, can staff please share the information? I will share what information I receive from stakeholders if it is different than what I understand has already been communicated to the team.

Thanks
