Hi...I had also asked this morning, but before I respond to Sarah, just want to confirm that you have demographic information.

Hi...do we have demographic info for the community of Jacumba...age, education level, income, etc. would be good to have and potentially provide to D5 (and also D2) based on today's conversation. Please cc me.

Thanks.

Sarah E. Aghassi | She-Her-Hers  
Deputy Chief Administrative Officer | Land Use and Environment Group  
County of San Diego

## New eComment for Board of Supervisors Meeting

Delilah Strukel submitted a new eComment.

Meeting: Board of Supervisors Meeting

Item: 1. NOTICED PUBLIC HEARING: JVR ENERGY PARK MAJOR USE PERMIT, FIRE PROTECTION AND MITIGATION AGREEMENT, AND ENVIRONMENTAL DOCUMENT

eComment: I'm am extremely opposed to this project. It is unethical to create a solar farm that engulfs a small town while it provides energy to larger, higher income communities in the county.

There are plenty of other places not next to towns that a solar farm could be built. It is not fair to all of the people who live in Jacumba. Green energy is only good if done ethically, that's the overall point of it. The placement of this solar farm is unacceptable and needs to be stopped.
