Yes I mentioned that in the briefing, but said I wasn't sure what they will be.

Thanks,

Thanks Mark! I can't remember, did you mention to the Board staff yesterday that staff is talking with the applicant about potentially providing additional community benefits?

Hi Lara,

This is what we know today... the applicant has mentioned they're going to add more community benefits before Wednesday, but they have not provided that information to us at this point. Sarah is aware of that aspect, but you may want to make a note that they may propose additional benefits before the meeting.

- \$250,000 to Jacumba Community Services District for improvements to the Jacumba community park
- \$75,000 to the Imperial Valley Desert Museum

Please let us know if you need any other info. Thx.

Thanks,

Mark Slovick, Deputy Director

Good morning, happy Friday!

For Sarah's notes, can you remind me what the developer is offering for community benefits for the JVR Solar project?
