

To whom it may concern,

My name is Rick Morrison
and I am a Resident of Jacumba
and I was born and raised
here. What you are doing
is shameful. It is right next
to our town, it is going
to kill people. You
did not do a people impact
study. Put your panels
away from our town
please from a veteran
who served our Country
and does not want to
look at solar panels.
I do not believe you did
an environmental study. I
know what is there. I
was born here. Not Right.
