

Response to Comment Letter I103

Rick Morrison

- I103-1** The commenter states he is a resident of Jacumba and was born and raised in Jacumba. The comment does not raise an issue regarding the adequacy of the analysis contained within the Draft EIR; therefore, no further response is required.
- I103-2** The commenter states that what “you are doing is “shameless” as it is right next to the town of Jacumba and is “going to kill people.” The commenter states that “you did not do a people impact study” and states to put the panels away from the town. In response, the comment does not raise an issue regarding the adequacy of the analysis contained within the Draft EIR; therefore, no further response is required. However, subsequent to public review, the Proposed Project was revised to include increased setbacks along Old Highway 80 and adjacent to Jacumba Community Park. Please refer to Section 1.2 Project Description in Chapter 1 of the Final EIR.
- I103-3** The commenter states that he is a veteran who served our country and does not want to look at solar panels. The comment does not raise an issue regarding the adequacy of the analysis contained within the Draft EIR; therefore, no further response is required.
- I103-4** The commenter states that he does not believe the County and an environmental study as he knows what is here because he was born in Jacumba. The commenter believes the project is “Not right” for the town. The comment does not raise an issue regarding the adequacy of the analysis contained within the Draft EIR; therefore, no further response is required.
