---

Dear Ms. Harris, This email opposes the JVR Solar project that intends to place thousands of solar panels in our Jacumba community. Please protect the residents from toxic by-products and environmental pollutants that will probably have a negative impact on our health and quality of life.

Thank You Erin Tuatagaloa (resident of Jacumba) email: [etuatagaloa@gmail.com](mailto:etuatagaloa@gmail.com) , 619-766-3316
