

WHAT BRIGHT GENIUS THOUGHT  
 TO PUT SOLAR PANELS ON OUR  
 MOUNTAIN. WHEN IT IS VERY CLEAR  
 THAT SOLAR PANELS WOULD WORK  
 ON THE LAND JUST 20-30 MILES  
 EAST OF JACUMBA, IT IS THE DESERT  
 WHERE NOT MUCH GROWS THERE  
 YOU PEOPLE COULD PUT MILES OF  
 SOLAR PANELS IN THAT DESERT INSTEAD  
 OF JUST ACRES OF PANELS WITHOUT  
 DISRUPTING OUR COMMUNITY AND  
 THE NATURAL WILDLIFE TRAILS THAT  
 HAVE BEEN PROTECTED SO FAR FROM  
 THE BUILDING OF ANYTHING TO  
 INTERFERE WITH THOSE WILDLIFE TRAILS  
 THE BUILDING AND INSULATION OF  
 PROPOSED SOLAR PANELS WILL GO AGAINST  
 EVERYTHING TO KEEP THOSE TRAILS SAFE  
 FOR THE WILDLIFE (LIKE THE BIG HORN SHEEP  
 AND WILD HORSES) THEY ARE PROPOSING  
 THE NEW PORT OF ENTRY AT THE  
 END OF JACUMBA AIRPORT, TO MOVE ALL  
 TRUCK TRAFFIC FROM TECATE ALONG  
 Hwy 94. I USED TO WORK FOR JACUMBA  
 TOWNSHIP AND THERE HAS BEEN COUNTLESS  
 LIVES LOST DO TO THE TRUCK TRAFFIC ON 94  
 THIS WOULD BE A GOOD THING

TO PUT THE PORT OF ENTRY  
BY OUR AIRPORT TRUCKS WOULD  
HAVE EASY ACCESS TO THE INTERSTATE  
& THAT ALONE WOULD BRING MORE  
STEADY JOBS LONG TERM NOT SHORT TERM  
LIKE THE JOBS FOR THE SOLAR PANELS  
WHICH WILL END AFTER THEY ARE INSTALLED  
WE NEED THAT FARM LAND TO PRESERVE  
THIS AREA FOR THE GROWTH THAT THE  
PORT OF ENTRY WILL NEED FOR HOMES  
& SCHOOLS IN WHICH WE CAN HANDLE THE  
GROWTH OF OUR COMMUNITY & KEEP THE  
SAME STANDARDS OF OUR LIVES THE  
WAY WE LIVE THEM HERE NOW  
AND SHOULD BE ABLE TO KEEP  
THEM FOR OUR FUTURE!!!

I PROPOSE THE SOLAR PANELS  
BE MOVED EAST OF HERE FROM  
OCATILLE EAST THRU THAT WAST LAND  
I'VE LIVED HERE FOR MORE THAN 25 YEARS  
MY NAME IS RUDY HOYLAND  
I LIVE AT 44326 SPACE 2
