

**Response to Comment Letter I126**

**Cherry Diefenbach**

- I126-1** The comment is a cover letter to a petition. The commenter states the signed petition is signed by residents of Jacumba who overwhelmingly are against the placement of the JVR Energy Park so close to Jacumba Hot Springs. The comment also states individuals signing the petition “are asking the County Board of Supervisors to deny this project because it will forever destroy the community character of the small village they call home.” In response, please refer to Comment Letter I127 (petition and signatures) and Responses to Comments I127-1 through I127-38. The comment does not raise an issue regarding the adequacy of the analysis contained within the Draft EIR; therefore, no further response is required.
