Dear Mr. Sibbet,

I am writing to you in great concern about the rock crushing facility proposed near my home. This noisy business is not appropriate for our rural peaceful and idyllic life in this neighborhood. We have an older home with a concrete pool. Do you think there will not be damage from their blasting mountains for days straight? The dust, noise and disturbance will be immediately noticeable. You would not want this near your home. I expect you to respect our life and home here. You need to refuse this business to be allowed in this location. It is not conducive to this area.
