Subject: Opposed to the Concrete Crushing and Wood Recycling Plant

David,

I am writing in opposition to the proposed Concrete Crushing Facility off Deer Springs in Escondido.

From what I have seen, I am concerned about the air borne dust and gas emissions as well as the sound projection. I am new to Escondido and have purchased a new construction home in an area that is quiet and clean and am concerned how this Facility will impact those features.

I am open to hear/see what you are proposing to mitigate these concerns however based on the information I have, please accept this notification as an official opposition.

Thank you

Carolyn Winters
