T-2-1 The County acknowledges and appreciates the comment. The comment will be included as part of the FEIR and considered by the decision makers. The comment does not present any issue or include any substantive comment about the adequacy of the DEIR. It should be noted that the County has completed its Senate Bill 18 consultation as part of the planning and environmental review process for the proposed Project. Nonetheless, the County remains receptive to additional consultation or coordination among all interested parties.

T-2-2 Native American monitoring of any grading and all archaeological data recovery programs has been included as a mitigation measure for the proposed Project. The County also appreciates the Soboba Band deferring to other tribes situated closer to the proposed Project area and the offer of availability to provide monitoring.
