Dear Mr. Hingtgen,
 I have a complaint concerning the proposed project of developing solar farms in the East County.
 I believe that is totally unfair to home owners to place a huge solar farm within sight of an established
 homestead such as that planned for Boulevard. If it is so critical to meet the CA deadline of producing "green
 energy", then share the effort - e.g., locate it in the unincorporated area just east of MCAS Miramar. But I am
 sure the local residents would also be upset at such an action.
