Hi Micah,
The first draft of the Program EIR is expected to be submitted this week for staff review. The earliest I anticipate the Draft PEIR to be available for public review would be sometime this summer. I will place you on the public notification list so you will be notified when the public review period commences.

Please let me know if you have any other questions.

Thanks,

Hi Robert,

I am not sure if you are the best person to connect with on this but do you have a general timeline when you expect the Soitec Solar Development Program draft EIR to be released (Tierra Del Sol, Rugged, LanWest and LanEast)?

Thanks,
