Yes, it is unfortunate that we can't make the federal legislators rise to the level of 8th-grade, but Soitec's PEIR is going out shortly and they'd like the input. For that to happen more or less timely, we need to meet. We are happy to take anyone out there separately who wants to go if they can't make this trip. And if the federal folks would like to go in a personal capacity on a "field trip" that included the Boulevard area, we'd be up for that, too. Whatever it takes is fine with us. Thanks, JIMW

Hi Everyone,

I just want to be sure that we are all on the same page regarding the site visit to the Soitec project and mitigation sites. There have been several emails going back and forth regarding the 10th and the 25th. It sounds like we are now on for the 25th irregardless of the furlough situation?

Please confirm that this is the plan and that you are all available to attend.

Thank you,

Ashley
