WRITTEN COMMENT FORM

As a concerned citizen of Lakeside and our environment I'm upset about the impact El Monte Sand Mine will have on our lives. This has the signs of self serving endeavor on their part with disregard of our community.

Valley Fever is of grave concern. Years ago my husband working in the dirt on our hillside came down with it. Several years later a neighbor came down with a severe case of it and was disabled for years. Stirring up these pious in our community is unconscionable.

This project has no place in our Valley. Thank you.
