Dear Mr Bennett,

Planning and
Development Services

I am writing to offer my thoughts and ideas about the scope and nature of the environmental impacts that can and will be caused by the El Monte Valley Sand Mining Project. I ask that these concerns be thoroughly considered in the preparation of the Environmental Impact Statement.

This project will negatively impact:

My well WELL
 My property value
 My farm animals
 My life - FIRE pit
 My legal rights as a
 homeowner and tax
 -payer
 My Grandchildren's future
 My Health! - no Valley
 Green?

Sincerely,

Dinda Nickerson 11315 Rocky Lakeside
