Attention Jim Bennett

5510 Overland Avenue, Suite 310

San Diego, CA 92123

RECEIVED  
SEP 14 2015

Dear Mr Bennett,

Planning and  
Development Services

I am writing to offer my thoughts and ideas about the scope and nature of the environmental impacts that can and will be caused by the El Monte Valley Sand Mining Project. I ask that these concerns be thoroughly considered in the preparation of the Environmental Impact Statement.

This project will negatively impact:

the health of the people of Lakeside

Truck on the road a small 2 lane  
which is all ready crowded with people  
going to the farm pumpkin-patch, Lake  
& El Monte Park, heads home over  
the water with the load.

I am 82 years old & will only both  
me for a short few years, I have no means  
to move.

thanks you

Vernice Best
