ADDITIONAL NOTES

- **PLAN REVIEW FEES FOR RESIDENTIAL TRACTS.** When a plan is registered with the Building Official as a Master Plan, all subsequent plan reviews for that Master Plan will be charged the fee listed in the Schedule of Building Construction Permit Fees. The minimum fee will be charged for each unique floor plan in the phase regardless of the total number of dwelling units in the phase. If more than two hours is required to intake and review each unique floor plan, the time in excess of two hours will be charged at the Time and Material Rate described in the County Code. Minor, nonstructural changes to Master Plans are acceptable, however, all additional staff time spent processing any plan changes will be added to the plan review fee.
- **EXTENSION OF AN EXPIRED PLAN REVIEW:** When plans are submitted subsequent to plan review expiration, as permitted by the County Code, the plan review extension fee shall be 25 percent of the plan review fee prescribed above for newly submitted plans.
- **PLAN CHANGES, ADDITIONS, REVISIONS OR INCOMPLETE PLANS:** Additional plan review required by plan changes, additions, or revisions to approved plans or because the plans are incomplete shall be charged at the time and material labor rate and the minimum charge shall be one-half hour.
- **FEE REDUCTION FOR BUILDINGS USING SUSTAINABLE BUILDING PRACTICES:** For building permit applicants who voluntarily participate in the County of San Diego Green Building Program, as established by Board of Supervisors Policy F-50, the plancheck and permit fees shall be reduced by 7.5%. To qualify for this fee reduction, the project shall use one of the following sustainable building practices:
 - a) **Energy Conservation:** The project shall exceed California Energy Commission Standards by 15% or more for residential and 25% or more for commercial and industrial developments.
 - b) **Natural Resource Conservation:** The project shall incorporate straw bale construction for all exterior walls or use recycled content in the building system. To be eligible for the fee reduction by using recycled content, the applicant must demonstrate to the satisfaction of the Building Official that 20% or more of the primary materials being used in the building system contain 20% or more post-consumer recycled content. Any reused materials will be found to satisfy the 20% post-consumer recycled content requirement. A fee reduction may also be approved when the applicant demonstrates to the satisfaction of the Building Official that at least one primary building material (e.g. roofing material) is 50% or more post-consumer recycled content.
 - c) **Water Conservation:** The project shall include the installation of a gray water system. A permit is required from the Department of Environmental Health for the gray water system in addition to the building permit issued by Planning & Development Services.

- **EXPEDITED PLAN REVIEW:** When requested by the applicant and approved by the Building Official staff may use overtime to expedite a plan review. An additional fee shall be charged for this service. The fee amount shall be determined using the time and material labor rate multiplied by the amount of time staff spends on expedited plan review.
- **INSPECTIONS OUTSIDE OF NORMAL BUSINESS HOURS:** When the Building Official approves inspections outside of normal business hours the fee shall be charged hourly at the rate of one and one-half times the standard time and material labor rate described in the County Code. The minimum time charged shall be two hours.
- **REFUNDS:** An applicant who has paid the applicable plan review or permit fees may withdraw the application by submitting a written request to the Director of Planning & Development Services. The Department shall discontinue work on such application, except when the application involves a violation of a County Ordinance.

The Director of Planning & Development Services shall not authorize the refund of any fee and/or deposit(s) paid except upon written application filed by the original applicant, received not later than one year after the date of fee payment.

When no work has been done under a permit issued pursuant to this chapter the building official may refund up to 80 percent of the permit and shall withhold at least 20 percent of the fee paid but not less than \$10 to offset the County's administrative cost.

The building official may authorize a refund of up to 80 percent of the plan review fee paid when an application for a permit for which a plan review fee has been paid is withdrawn or canceled before any plan reviewing is done and shall withhold at least 20 percent of the fee paid but not less than \$10 to offset the County's administrative cost.

The building official shall not authorize a refund of any fee paid except upon written application filed by the original permittee not later than one year after the fee was paid. A refund shall not be authorized if the total refundable amount after deduction of County administrative cost is less than \$10.

The Administrative Authority may authorize the full refund of any fee paid hereunder which is erroneously collected by the County.

Refund of fees shall be made in accordance with County Code.

- **VIOLATIONS:** When a violation of any County code includes or results from the failure to obtain a required permit, a violation fee may be assessed as prescribed in the County Code. In all cases the additional violation fee or deposit amount shall be treated as a non-refundable flat fee, even if the initial amount is a deposit.
- **CHARGES FOR TECHNICAL REPORTS:** Information, circulars, reports of technical work, and other reports prepared by the Planning & Development Services when supplied to other government agencies, individuals or groups requesting copies of same may be charged for by the Department in a sum not to exceed the cost of publication and distribution of such documents.
- **HOMEOWNER AND BUSINESS OWNERS RELIEF:** See form [PDS 612](#) for detailed explanation of fees related to the Homeowner and Business Owner Relief Act.
- **STANDARD HOURLY RATES:** The fee for items not listed in the above fee schedules or those designated "Time and Materials" shall be determined by the actual costs incurred by Planning & Development Services. The cost will be determined by using the labor rates specified in Time and Material Rate described in the County Code.
- **MISSED APPOINTMENT FEE.** The Building Official may charge this fee when an applicant does not show up for a scheduled plan submittal appointment or cancels the appointment less than 24 hours in advance.
- **FEE WAIVER FOR STRUCTURES DAMAGED OR DESTROYED BY NATURAL DISASTER:** Notwithstanding the fees otherwise specified, the plan check review fee and the permit fee may be waived for an applicant who is rebuilding legally built structures which have been damaged or destroyed by a wildfire or other natural disaster and which are located within the boundaries of a geographic area which has been declared by resolution of the Board of Supervisors to be eligible for this fee waiver. The fee waiver shall not apply to any portion of a new structure which exceeds the square footage of the structure which is being replaced.
