1 Introduction

1.1 Purpose

The purpose of this annual progress report (APR) is to share with the Board of Supervisors (Board) and the residents of San Diego County the status of implementing the County of San Diego (County) General Plan.

California Government Code Section 65400(a) requires that cities and counties “investigate and make recommendations to the legislative body regarding reasonable and practical means for implementing the general plan or elements of the general plan, so that it will serve as an effective guide for orderly growth and development, preservation and conservation of open-space land and natural resources, and the efficient expenditure of public funds relating to the subjects addressed in the general plan.”

The APR is required to be prepared and submitted to the Board, Governor’s Office of Planning and Research (OPR), and the California Department of Housing and Community Development by April 1st of each year. At a minimum, the APR should address:

- The status of the General Plan and efforts in its implementation;
- The County’s efforts in meeting its share of the regional housing needs;
- Local efforts to remove governmental constraints to the maintenance, improvement, and development of housing; and
- The degree to which the County’s approved General Plan complies with the State General Plan Guidelines and the date of last revision to the General Plan.

This report summarizes the planning activities for the unincorporated portions of the County from January 1 to December 31, 2023. In addition to the required information, Planning & Development Services (PDS) has included relevant ongoing and completed planning activities, programs, and permits.

1.2 Enterprise Collaboration

PDS has been supported by the following County entities in the production of this APR:

- Public Safety Group
 - Office of Emergency Services
 - San Diego County Fire Authority
- Health and Human Services Agency
 - Housing & Community Development Services
- Land Use and Environment Group
 - Agriculture, Weights and Measures
 - Department of Environmental Health
 - Department of Public Works
 - Department of Parks and Recreation

- Finance and General Government Group
 - Department of General Services

2 Planning and Development Activities

This section provides information on planning and development activities related to General Plan implementation. Information is presented in terms of plans, capital improvements, and projects.

2.1 Plans

2.1.1 General Plan Amendments

Proposed projects that do not conform to the existing General Plan are able to request General Plan Amendments (GPAs) that propose to alter specific aspects of the General Plan without altering the overall intention of the plan. State law allows each of the mandatory elements of a General Plan to be amended up to four times during a calendar year. Subject to that limitation, an amendment may be made at any time and each amendment may include more than one change to the General Plan (Gov Code Section 65358(b)).

2.1.1.1 Campo Road Corridor Revitalization Specific Plan (GPA-21-006)

The Campo Road Corridor Revitalization Specific Plan GPA adopted a specific plan on a 60-acre area centered on Campo Road between Rogers Road and Granada Avenue within the Casa de Oro neighborhood of the Valle de Oro Community Planning Group. Specifically, the GPA changed the land use designations within the specific plan areas to Village Core Mixed Use and the Mobility Element to include Class IV protected bicycle lanes along Campo Road. The specific plan area is located within and near the confluence of several opportunities for building affordable housing, increasing transportation options, and addressing environmental justice within Casa de Oro. The specific plan promotes sustainability and smart-growth principles, includes strategies, envisions goals, and features an Implementation Plan designed to introduce and streamline more housing options along Campo Road, support new and existing businesses in the Corridor, and improve multimodal access and safety. The Specific Plan envisions this area as a welcoming destination where both residents and visitors to the area can gather, meet with family and friends, and hold community events along a revitalized corridor that is safe to travel and is equitable to all.

2.1.2 Zoning Ordinance Amendments

The County administers its General Plan primarily through its Zoning Ordinance. While the General Plan identifies general land use designations, zoning identifies specific uses and development standards. As mandated by the State, the Zoning Ordinance must be consistent with the General Plan, and changes in the General Plan may require an update to the Zoning Ordinance.

2.1.2.1 2023 Housing Zoning Ordinance Update (POD-22-004)

Adopted on July 19, 2023 (Item 8), this ordinance update amended the Zoning Ordinance to be in alignment with recently passed state housing laws intended to make housing more affordable and accessible. The update addressed changes in state housing laws for the following topics:

- **Accessory Dwelling Units (ADUs).** ADUs are attached or detached residential dwelling units that provide complete independent living facilities for one or more people and are located on lots with proposed or existing primary residences. The update aligned with the following bills: [AB 68 \(Ting\)](#), [AB 345 \(Quirk-Silva\)](#), [AB 587 \(Friedman\)](#), [AB 881 \(Bloom\)](#), and [SB 13 \(Wieckowski\)](#), [AB 916 \(Salas\)](#), [SB 897 \(Wieckowski\)](#), and [AB 2221 \(Quirk-Silva\)](#).
- **Supportive Housing.** Supportive housing is housing with no limit on length of stay, occupied by homeless individuals, and linked to onsite or offsite services. These services assist the residents in retaining housing, improving their health status, and maximizing their ability to live and work in the community. The update aligned with: [AB 2162 \(Chiu\)](#).
- **Low Barrier Navigation Centers.** A low barrier navigation center is an accessible, temporary, service-enriched shelter that helps homeless individuals and families to quickly obtain permanent housing elsewhere in the community. The update aligned with [AB 101 \(Committee on Budget\)](#).
- **Emergency Shelter and Transitional Housing.** An emergency shelter is housing or temporary shelter for persons experiencing homelessness. The update aligned with [AB 139 \(Quirk-Silva\)](#).
- **Affordable Housing Development Incentives.** State law provides incentives for the development of affordable housing units. The update aligned with the following bills: [SB 290 \(Skinner\)](#), [SB 1227 \(Skinner\)](#), [AB 1763 \(Chiu\)](#), and [AB 2345 \(Gonzalez\)](#), [AB 2334 \(Wicks\)](#), [SB 330 \(Skinner\)](#), [AB 491 \(Ward\)](#), and [AB 1851 \(Wicks\)](#).
- **Other Housing Related Laws.** These laws facilitate the construction of housing for middle-income families. The update aligned with [AB 803 \(Boerner Horvath\)](#), and [SB 478 \(Wiener\)](#).

2.2 Projects

2.2.1 Major Housing Projects

Privately initiated discretionary development applications vary from small-scale administrative permits and boundary adjustments to large complex projects such as tentative maps. For the purpose of this annual report, discretionary development applications were limited to those which relate to land planning and development activities and do not re-list discretionary actions associated with the GPAs above. Further, this report does not include administrative activities or permits unrelated to residential development such as permits related to wireless facilities, major use permits, and other administrative actions.

Table 1 summarizes the number of applications submitted, approved, or denied/withdrawn since the 2011 adoption of the General Plan Update. During 2023 a total of 511 applications were received. Of these, 323 applications were approved, and 91 applications were denied or withdrawn. The following sections represent 18 of the 323 approvals. These 18 projects were selected because they include dwelling units (DUs) associated with the buildout of the General Plan. The remaining approvals include non-residential

uses or are associated with GPAs previously described. Table 2 summarizes the 18 major approved discretionary projects.

2.2.2 Tentative Maps Time Extensions

In 2023, five tentative map time extension (TM TE) applications were approved and provided additional time for 3,225 dwelling units. A TM TE approves additional time for applicants and owners to finish their final maps. These projects apply to the subdivision of a lot or lots into a total of five lots or more. Table 3 shows the number of housing units covered by these time extensions:

2.2.3 Tentative Parcel Maps

In 2023, two tentative parcel map (TPM) applications were approved for four dwelling units. Tentative parcel maps are subdivisions of four lots or less. Table 4 shows that the number of housing units approved through the tentative parcel map subdivision process:

2.2.4 SB-9 Tentative Parcel Maps

In 2023, three SB-9 tentative parcel map (TPM) applications were approved for six dwelling units. SB-9 TPMs are subdivisions of two lots. Table 5 shows the number of housing units approved through the SB-9 TPM subdivision process:

2.2.5 Tentative Parcel Map Revisions & Time Extensions

In 2023, three tentative parcel map time extension and revised applications (TPM TE; TPM R) were approved for projects totaling 12 dwelling units. A TPM TE approves additional time for applicants and owners to finish their parcel maps and a TPM R allows applicants to make changes to the design or conditions of a previously approved TPM. These projects apply to the subdivision of a lot or lots into a total of four lots or less. Table 6 shows the number of housing units associated with these time extensions:

2.2.6 Site Plans

In 2023, five residential site plans (STP) were approved for 47 dwelling units. Site plans are permits which regulate physical design, siting, and vehicular/pedestrian access; these projects do not subdivide lots and have housing product types that include multi-family. Table 7 shows the number of housing units approved through the site plan process:

2.2.7 Other Site Plans

In 2023, two other residential projects including a density bonus and major use permit were approved for 208 dwelling units. Table 8 shows the number of housing units approved through the site plan process:

Total				208

2.2.8 County Projects

2.2.8.1 CAP Implementation Progress

The County continued to implement the measures contained in the 2018 Climate Action Plan (2018 CAP); issued the fifth CAP Annual Monitoring Report for the 2022 calendar year, which shows that the County reduced its greenhouse gas emissions by 228,213 metric tons; and permitted an equivalent of 17,459 residential solar photovoltaic systems in 2023 to increase renewable energy generation at homes in the unincorporated communities (CAP Measure E-2.3).

2.2.8.2 PACE Program

The County acquired a total of 100.87 acres of agricultural easements as part of the Purchase of Agricultural Conservation Easements (PACE) Program, adding to 3,283 acres of easements acquired by the County since 2013 through the reporting period. The PACE Program promotes the long-term preservation of agriculture in the unincorporated area of San Diego County. Under the PACE Program, willing agricultural property owners are compensated for placing a perpetual easement on their property that limits future uses to agriculture. The acquisitions in 2023 resulted in approximately 38 metric tons of emissions reductions. As of the end of 2023, the County had invested approximately \$9.8 million in agricultural easement purchases.

2.2.8.3 MSCP Program

The County acquired 446 acres of land to be preserved as part of the Multiple Species Conservation Program (MSCP), resulting in approximately 568 metric tons of emissions reductions, equivalent to taking 126 gasoline-powered passenger vehicles off the road for one year. This newly acquired acreage expands MSCP preserve land acquired by the County since 1998 to approximately 26,760 acres. The MSCP preserves San Diego's native habitats and wildlife for future generations. It works across political boundaries, providing a unique framework that balances region-wide conservation efforts with streamlined building regulations and permit processes to support healthy community growth.

To date, the County has invested approximately \$134 million in property acquisition for the MSCP, leveraging an additional \$96.5 million from partner organizations and grant sources. On October 28, 2020 (6), the Board unanimously directed staff to continue to work with stakeholders to prepare the draft North County Plan as a Federal Habitat Conservation Plan and State Natural Communities Conservation Plan. The federal and State conservation plans both seek the preservation of endangered species. Because an applicant may need an incidental take permit under the federal or State plans, depending on which species is being impacted, it is important to develop an MSCP plan that complies with both. A greater range of species can be preserved while covering a greater number of projects. Staff anticipates returning to the Board for North County Plan adoption in 2026.

2.2.8.4 Green Streets Clean Water Plan

The County of San Diego Watershed Protection Program (WPP) within the Department of Public Works (DPW) mission is to support progress toward achieving targeted pollutant load reductions to comply with the region's regulatory orders including Water Quality Improvement Plan goals and schedules, Total Maximum Daily Loads (TMDLs), and other water quality priorities, as well as aiding in meeting other County goals related to the CAP and decarbonization framework.

In April 2022, WPP completed and released the Green Streets Clean Water (GSCW) Plan. The GSCW Plan was implemented immediately by initiating development of four Preliminary Engineering Reports (PERs). An extensive overview of the GSCW Plan can be found in the 2022 Annual Report.

The GSCW Plan is a comprehensive analysis of nearly 1,200 miles of roads in urban centers within unincorporated areas to identify the best locations to accept and treat stormwater runoff while simultaneously identifying opportunities for community enhancements that include sidewalks, bike lanes, vegetation, and tree cover, and identifies multi-benefit green street opportunities within the Village and Rural Residential population centers. Implementation of the GSCW Plan supports the County's progress toward achieving targeted pollutant load reductions to comply with the region's regulatory orders such as Total Maximum Daily Loads (TMDLs), and other water quality priorities, as well as aiding in meeting other County goals related to the CAP and decarbonization framework.

The GSCW Plan identified 85 total opportunity areas for greens streets, with the top 30 opportunity areas selected based on the combination of their potential to provide the highest environmental and community benefits, and cost effectiveness. Across the top 30 opportunity areas, it is estimated that 283 acres of total area can be treated with green infrastructure, including up to 80 tree wells and 26 trash and sediment capture devices. Projects developed in these areas would also provide over 82,000 square feet of green space in underserved communities, plant more than 1,000 trees, and improve three miles of sidewalk.

Currently, 10 Preliminary Engineering Reports (PERs) from the GSCW Plan are in progress to initiate development of green streets, including two in the community of Fallbrook, two in Bonsall, one in North County Metro, one in Spring Valley and four in Lakeside.

Lastly, WPP and DPW Flood Control have funded and hired a new full-time position (Land Use/Environmental Planner III) to integrate climate change analysis and adaptation planning into current and future projects.

2.3 Capital Improvements Program

The County of San Diego completed 25 CIP projects, totaling an excess of \$183 million in 2023, as shown in Table 9:

Table 9. Summary of Capital Improvements Projects Approved

Project Type	Number of Projects	Cost
Roads and Infrastructure	17	\$ 49,069,000

Total	22	\$ 180,369,000

2.3.1 Roads and Infrastructure

In 2023, 17 road and infrastructure projects were completed totaling more than \$49 Million, as shown in Table 8. CIP projects are reviewed for General Plan conformance and presented to community planning and sponsor groups for vetting and scope refinement.

3 Housing Element

3.1 Regional Housing Needs Allocation (Sixth Cycle)

The SANDAG Board of Directors approved the final RHNA Plan for the sixth cycle on July 10, 2020. This RHNA Plan is for the sixth housing element cycle from April 15, 2021, through April 15, 2029. Local governments are responsible for updating their housing elements every eight years to provide sufficient land use and zoning capacity to accommodate their share of housing for each income category. RHNA allocations for each housing element cycle are independent and are not cumulative, this means that units from a previous cycle do not “roll over” into subsequent cycles; from 2021 to 2029, the region has been allocated 171,685 RHNA units. Of the regional allocation, the unincorporated county has been allocated 6,700 units. Table 13 shows the RHNA allocation for the county by income category:

Table 13. County Allocation of RHNA Housing (2021 – 2029)	
Income Category	Allocation (Dwelling Units)
Extremely Low and Very Low	1,834
Low	992
Moderate	1,165
Above Moderate	2,709
Total	6,700

When a building permit is issued, a builder is given the “green light” to start the construction of a new home. When a building permit is completed and the builder has finished construction of a home, final inspections must be passed to ensure that the home is in a safe condition and is ready for move-in. Homes can take more than a calendar year to be ready for occupancy, therefore the number of permits issued and completed are not equal. Per State requirements, progress toward RHNA is reported in terms of the housing units associated with building permits issued that allow for commencing construction, rather than for housing units that have completed construction. Counting housing units with permits issued for construction demonstrates a more immediate impact of changes in housing legislation, allowing the state to track housing progress more closely. Both the County’s progress in terms of building permits issued and completed are presented in the following section for information. Table 14 shows the building permits issued for 1,220 approved DUs and the completed building permits for 1,260 constructed DUs.

Table 14. DUs Permitted and Constructed (January – December 2022)

Extremely Low and Very low	101	80
Low	176	181
Moderate	216	151
Above Moderate	727	848
Total	1,220	1,260

Table 15 shows the County's progress towards meeting the RHNA allocation. The County issued permits for 4,557 between July 1, 2020 and December 31, 2023, meeting 68% of the total RHNA allocation.

3.2 Housing Production and Capacity Portal

When the General Plan was updated in 2011, it was estimated that the resulting unbuilt housing capacity in the unincorporated county would be approximately 66,044 dwelling units. This is referred to as the General Plan housing capacity – the number of new housing units allowed by the General Plan that could be constructed on vacant or developed lands.

Community members, environmental groups, and the land development industry have requested information about the County's housing capacity, where growth is planned to occur, and if the County is on track to build out the General Plan. The Housing Production and Capacity Portal is a tool that will help

County staff answer these frequently asked questions. It is a sequence of 12 separate data sets that generate heatmaps of development activity that has occurred since the adoption of the General Plan Update.

Since 2011, there have been many changes that reduce or increase the available residential capacity. These changes include permit applications that have been processed, housing that has been built, new constraints that have been identified, and land that has been purchased for conservation purposes. The Housing Production and Capacity Portal monitors all these activities and updates the available number of housing units projected by the General Plan. Efforts to update the Housing Production and Capacity Portal are currently underway.

4 Service Improvements

4.1 Customer Service Improvements

4.1.1 Completeness Certification/Guaranteed Review Times

This year, PDS established a completeness certification process, which is required to implement guaranteed turnaround times that are part of our Removing Barriers to Housing efforts. Completeness Certification is a voluntary process that involves a third party certifying that a development project application package or resubmittal is complete. Projects that qualify for this process and submit a completeness certification will receive a guaranteed County review time of 30 business days for each submittal/resubmittal. It applies to deed restricted affordable housing, workforce housing, and housing within a Vehicle Miles Traveled (VMT) efficient or infill area as identified in the County's Transportation Study Guide. This effort included establishing an application and rating process for professionals to be placed on an approved consultant list with the aim to reduce overall review and processing time by up to 50%.

4.1.2 Standard Corrections

PDS also developed new standard corrections as part of our Removing Barriers to Housing effort. This effort expanded the existing standard corrections our departments use today in order to standardize corrections and make applying them to projects more efficient. These corrections are available on the County website and have been shared with stakeholder groups. The project also increased our outreach via signage, links in emails, and stakeholder meetings, to ensure our customers review them while they are preparing submittals. This helps customers know what County plan reviewers will be looking for when reviewing plans.

4.1.3 PACE Program

Because the PACE Program relies on voluntary participation, stakeholder coordination is integral to its success. A variety of mechanisms were used in 2023 for soliciting applications for the PACE Program. These included email updates through the PDS listserv, social media marketing, newspaper advertisements, agricultural publications, and working closely with local farming organizations, such as the San Diego County Farm Bureau. The County also promoted the PACE Program at various in person agricultural events and was featured in the second annual Voluntary Conservation & Land Management Assistance Workshop hosted by the County. The workshop aimed to assist landowners and land managers with funding or technical assistance to conserve their land, agricultural operations, and apply land management best practices.

4.1.4 Green Streets Clean Water (GSCW) Outreach

As the GSCW Plan began implementation, staff crafted specific outreach plans for each project. These plans aimed to guide and document communication efforts with affected property owners, the public, and County staff and management throughout the construction phase. They include various engagement

methods like websites, emails, community meetings, and social media posts. Additionally, a clear process was established for implementing these methods to regularly update both the public and County staff and management about the project's status.

4.1.5 DPW Outreach

DPW improved community outreach this year through several efforts. DPW utilized social media platforms to inform the public on the status of projects currently in construction by sharing start and end dates, as well as project milestones that could impact the community, such as turning on traffic signals. DPW conducted broad based educational outreach for current and future projects through two rounds of outreach including virtual and regional open house meetings. The meetings highlighted the work DPW performs, gathered input on future capital project planning and prioritization, and future participation format preferences. Additionally, DPW expanded virtual opportunities to increase public engagement and education. A new [webpage](#) includes information about DPW and how projects are developed, access to project planning documents, an interactive GIS map with detailed project information, and an archive of virtual meeting recordings. By creating a [project page](#) on the County's [Engage platform](#), DPW broadened outreach and expanded participation options, resulting in the second highest level of meeting registration of all time and the third highest number of downloads across all County projects on the platform.

4.1.6 Parks and Recreation Outreach

The Department of Parks and Recreation launched three programs to increase awareness and accessibility to outdoor recreation. The first is an [Online Event Calendar](#) created based on a needs assessment survey and is customizable by the user. [Ride On Biking Challenge](#) is a new guided mountain bike ride that lends bicycles, equipment, and gear to community members without mountain biking experience. The [First Time Camping Program 2023](#) took place over the summer and provided camping equipment to community members. Park staff was onsite to share helpful information, including how to set up a campsite, start a campfire, outdoor safety tips and leave-no-trace principles.

4.2 Sustainability and Technology Improvements

4.2.1 Electric Vehicles Roadmap (EV Roadmap)

The County continues to implement the Electric Vehicle Roadmap (EV Roadmap) which was adopted by the Board on October 16, 2019 (2). The EV Roadmap includes strategies to increase EV ownership and use, install charging infrastructure, and identify grant opportunities. As part of the EV Roadmap, staff provide annual reports to the Board. The 2022 EV Roadmap Annual Report was provided to the Board on July 6, 2023, and reports on progress from January 1 to December 31, 2022. At the end of 2022, the County fleet included 92 EVs, 57 publicly accessible EV chargers had been installed at County facilities, and an estimated 10,611 metric tons of carbon dioxide equivalent had been avoided by County employee telecommuting. Additionally, the County completed an EV Infrastructure Planning Analysis to identify areas in the unincorporated area for public EV charging stations that should be priority for future installations, distributed a survey to all County employees to understand commute patterns and needs and received response from 25 percent of employees (nearly 5,000 responses), and seventeen County

departments have made commitments to add EVs to their vehicle fleets through Departmental Sustainability Plans. In May 2022, the County submitted a letter to the U.S. Department of Transportation to support the expansion of Alternative Fuel Corridor (AFC) designations and priorities in the county. The submission of this letter resulted in additional AFC designations within the unincorporated area that would result in a minimum installation of 56 new fast (DCFC) charging ports, fully funded through the federal program. Relevant activities in the EV Roadmap have been incorporated into the draft Climate Action Plan (CAP) as measures and actions to reduce greenhouse gas emissions in the unincorporated area and from County operations. Data collection for EV Roadmap implementation accomplishments in 2023 is underway and will be released later this year.

Appendix 1 – Annual Housing Element Progress Report

Each jurisdiction (city council or board of supervisors) must prepare an Annual Progress Report (APR) on the jurisdiction's status and progress in implementing its housing element (Government Code Section 65400(2)(B)). The following pages include information on entitled projects, building permits issued, and Certificates of Occupancy. Entitled projects are analogous to discretionary projects approved by the Board, Planning Commission, or PDS Director. Certificates of Occupancy are analogous to completed building permits issued by the Building Division. The format of the following tables is established by the State of California, Department of Housing and Community Development (HCD) and the information is transmitted to HCD electronically.

Section	Description

*Extremely low-income housng need determined pursuant to Government Code 65583(a)(1). Value in Section 5 is default value, assumed to be half of the very low-income RHNA. May be overwritten.

Note: units serving extremely low-income households are included in the very low-income RHNA progress and must be reported as very low-income units in section 7 of Table A2. They must also be reported in the extremely low-income category (section 13) in Table A2 to be counted as progress toward meeting the extremely low-income housing need determined pursuant to Government Code 65583(a)(1).

Please note: For the last year of the 5th cycle, Table B will only include units that were permitted during the portion of the year that was in the 5th cycle. For the first year of the 6th cycle, Table B will only include units that were permitted since the start of the planning period. Projection Period units are in a separate column.

Please note: The APR form can only display data for one planning period. To view progress for a different planning period, you may login to HCD's online APR system, or contact HCD staff at apr@hcd.ca.gov.

ANNUAL ELEMENT PROGRESS REPORT

Housing Element Implementation

Jurisdiction		San Diego County - Unincorporated	
Reporting Year		2023	(Jan. 1 - Dec. 31)
Table D			
Program Implementation Status pursuant to GC Section 65583			
Housing Programs Progress Report Describe progress of all programs including local efforts to remove governmental constraints to the maintenance, improvement, and development of housing as identified in the housing element.			
1	2	3	4
Name of Program	Objective	Timeframe in H.E	Status of Program Implementation
3.1.1.A - Residential Sites Inventory for Regional Housing Needs Allocation (RHNA)	Maintain land use policies that provide adequate sites for a variety of housing for the County’s 6th Cycle RHNA of 6,700 units: •Low Income – 992 units •Moderate Income – 1,165 units •Above Moderate Income – 2,709 units	Ongoing	The County continues to maintain land use policies that can provide adequate sites for a variety of housing types, including housing for lower, moderate, and above-moderate incomes.
3.1.1.B - By-Right Approval for Projects with 20 Percent Affordable Units	Pursuant to AB 1397, amend the Zoning Ordinance by the end of 2023 to require by-right approval of housing development that includes 20 percent of the units as housing affordable to lower-income households, on sites being used to meet the 6th Cycle RHNA that represent a “reuse” of sites identified in the 4th Cycle and 5th Cycle Housing Elements.	0-2 Years	The County has started an initial analysis for the By-Right Approval Program, including feasible options for an expanded program that would apply to additional sites. These options will be presented to the Board of Supervisors in Fall 2024, as part of the Housing Options Project.

Table D - Housing programs progress report

3.1.1.C - Zoning Ordinance Amendments to Achieve Maximum Density	Amend the Zoning Ordinance by early 2023 to facilitate development on sites identified in the Sites Inventory for the 6th Cycle RHNA. Specifically, establish minimum densities for multi-family districts at 70 percent of the maximum allowable densities, with the goal of achieving an average development density at 80 percent of the maximum allowable density.	Ongoing	The County is developing a scope of work to procure a consultant to complete this program. The project is expected to be completed in 2-3 years..
3.1.1.D - Diversity of Land Use Designation and Building Type	Maintain a mixture of residential land use designations and development regulations that accommodate various building types and styles, including but not limited to: small lot single-family homes; tiny homes; detached condominium Projects; townhomes; duplex/triplex/multiplex; courtyard apartments; bungalow courts; live/work units; mixed-use projects; moveable tiny homes; 3D printed homes; and new prefab housing types that meet state and local building code standards. Continue to explore innovative building types and housing options that can be implemented through the County's Zoning Ordinance by reviewing development designators and designations and amend the Ordinance as appropriate (in coordination with action 3.1.3.A).	Ongoing	The County is developing a scope of work to procure a consultant to complete this program. In addition, the County continues to identify opportunities to ensure that land use regulations allow for a diversity of building types. Currently, the County is developing outreach materials for a small lot subdivision ordinance, as part of the Housing Options Project..

3.1.1.E - Low to Moderate Inclusionary Ordinance	Based on the results of the Inclusionary Housing Feasibility Study conducted in 2021, develop an Inclusionary Ordinance by 2022 with pre-determined set asides applicable to all housing projects of all sizes above a minimum threshold including incentives and reforms to help facilitate construction of affordable housing for lower- and moderate-income households. 0-2 Years	The County has initiated the Inclusionary Housing Ordinance development process. Public review was completed in Winter 2023 and a workshop was held with the Planning Commission in Spring 2023 to review ordinance components. Public hearings will tentatively occur in mid to late 2024.
3.1.1.F - Objective Design Standards	Pursuant to SB 330, the County will review its development standards and design guidelines by the end of 2023 applicable to urbanized Census Designated Places to ensure they are objective to facilitate the development of housing. To streamline the design review process, the County will: • Encourage applicants to utilize existing objective design review checklists, waivers, and exemptions. • Implement Section 7015 of the Zoning Ordinance, allowing staff to act without Advisory Board recommendation if the recommendation is not provided within 60 days. • Conduct educational outreach with Community Planning Groups (CPGs) and Design Review Board (DRB) regarding Section 7015, • Address quorum issues by combining DRB and CPG meetings to allow CPG to vote when DRB does not have quorum. Ongoing and 0-2 Years	The County worked with consultant to complete best practice research, existing ordinance review, and options development for this project. The Stakeholder Engagement Plan was completed in Summer 2023. Public outreach began in Fall 2023 and will continue through Winter and Spring 2024 with public meetings, Community Planning /Sponsor Group meetings, and small focus group meetings with relevant industry groups. As of October 2023, new State housing laws are continuously being adopted, which affect the areas where projects are eligible to utilize ODS (SB 423). This is extending the outreach period as the eligible areas have changed during the project timeline. The public review period for the draft Objective Design Checklists will occur in Spring through Summer 2024. The project will be brought to public hearings at both the Planning Commission (Summer 2024) and Board of Supervisors (Fall 2024) to move forward with the adoption of the final Objective Design Standard checklists.

3.1.1.G - Residential Sites Inventory Monitoring	Expand the County’s Housing Production and Capacity Portal by the end of 2021 to monitor parcels included in the Residential Sites Inventory for this 2021-2029 Housing Element on a GIS mapping application designed for staff and public use, and available on the County’s website. To assist the County with tracking its compliance with SB 166 (No Net Loss), the system should track: •Unit count and income/affordability assumed on parcels included in the sites inventory. •Actual units constructed and income/affordability when parcels are developed. •Net change in capacity and summary of remaining capacity in meeting remaining Regional Housing Needs Allocation. Ongoing	This effort is currently under way. The GIS mapping application, which is available to staff and members of the public has been updated to reflect the Sixth Cycle Housing Element Site Inventory. The County is working to complete additional updates to the GIS application in 2024 to track units and comply with no-net-loss.

3.1.1.H - Housing Yields in Mixed-Use Zones	The County will review the development code for opportunities to increase the likelihood and yield of residential development in mixed-use commercial zones. Specifically, review by the end of 2023 whether and where residential should be allowed as a primary use in commercial zones, and create objective standards for mixed-use developments, granting developers clarity and increasing the likelihood for the conversion of underutilized commercial to residential. The County will include mixed use and commercial sites as a consideration as part of the Feasibility Analysis of Expanded By-right Approval Program (3.1.1.O) for projects that provide 20% affordable housing onsite, and return to Board in December 2021 with funding/resource needs.	2-7 Years	The County is developing a scope of work to procure a consultant to complete this program. There are also concurrent programs - the By-Right Approval Program and Objective Design Standards project - which are both underway and expected to be completed in 2024.
3.1.1.I - Replacement Requirement	Pursuant to State law, amend the Zoning Ordinance by the end of 2022 to require the replacement of units affordable to the same or lower income level as a condition of any development on a nonvacant site consistent with those requirements set forth in the State Density Bonus Law.	Complete	Zoning Ordinance Update to comply with the new state law was completed in summer of 2023.

3.1.1.J - Lot Consolidation	Facilitate the consolidation of small sites for development by providing technical assistance and exploring incentives such as streamlined processing and reduced fees for affordable housing. Incentives may include: •Density bonus •Fee reduction - starting in July 1, 2021, lot consolidation fee would be a fixed flat fee, changing from the deposit-based fee Technical assistance may include: •Maintain a list of parcels with potential for lot consolidation •Create a new informational page with checklist requirements •Dedicate specific staff to assist with lot consolidation •Establish lot consolidation program by 2023. 0-2 Years	Since July 2021, lot consolidation applications have transitioned from deposit-based to fixed flat fee. The development of additional strategies for lot consolidation program will start in 2024 and be supported by SDSU graduate students completing their capstone project.
3.1.1.K - Expand Eligibility of Checklist Exemptions	Develop additional checklists for site plan applications. Site plans that can be waived or exempted are currently indicated with a zoning designation (i.e., requirement in zoning box) for a design review. Work with Community Planning and Sponsor Groups and obtain public input prior to developing new checklist exemptions. 0-2 Years	This effort is still under way and is expected to be completed in 2024 - 2025. PDS is currently looking for other efforts to combine this project with, which could expedite the timeline.

3.1.1.L - Coordination and Outreach with Developers, Builders, and Owners	work as a liaison between the property owners of non-vacant RHNA sites and developers/builders who may wish to pursue projects on these sites. Coordinate with property owners to help understand and mitigate non-governmental constraints to facilitate redevelopment of non-vacant RHNA sites. Reach out to property owners to inform them of developer interest, incentives, and other benefits of redevelopment, such as: • Work with owners of non-vacant RHNA sites to provide options for streamlined project review. • As part of the Zoning Code Clean-up Program (3.1.3.A), evaluate zoning of parcels adjacent to non-vacant RHNA sites to ensure contiguous parcels can be developed at the same density. • Implement program 3.1.1.H to improve mixed-use opportunities in existing commercial areas and incentivize development on non-vacant RHNA sites. • Implement program 3.1.1.B to provide opportunities for streamlined ministerial review on re-listed non-vacant RHNA sites to further incentivize housing development. • Implement program 3.1.1.K to expand	0-2 Years	This project hasn't started yet. The County anticipates starting the implementation of this program in 2024.
---	--	-----------	--

	in order to mitigate potential constraints associated with the implementation of SB 743 and VMT mitigation requirements, as Directed by the Board on May 19, 2021, the County will: • Assess and explore the process by which infill development can be done in a manner to ensure no VMT mitigation is necessary. • Explore the potential creation of transit accessible areas and look at the intersection between VMT efficient areas or lower thresholds in accordance with the areas that do not require further analysis. Explore the potential transit corridors and look at the SANDAG Regional Transportation Plan, Metropolitan Transit System (MTS), North County Transit District (NCTD), and other possible areas and how that may impact VMT efficient areas or areas covered by the exemption. • Explore mitigation of VMT opportunities, looking at a regional mitigation bank, the opportunity for mitigation to not be tied or connected to the project along with the potential of a sliding scale of mitigation based on severity. • Explore by-right process for development in VMT efficient areas.	0-2 Years	On September 9, 2022, the Board of Supervisors adopted a new Transportation Study Guidelines, which exempt 134 Housing Element Sites from VMT analysis. Board of supervisors has also directed the study of VMT efficient and Board infill areas in areas with high development potential to determine additional infrastructure or barriers to the development of housing. This study is known as the Development Feasibility Analysis and is expected to be completed in Fall 2024.
3.1.1.M - Addressing VMT Constraints	Explore the feasibility of developing a Small Lot Subdivision Program and return to the Board with program options, funding and resource needs by December 2021 for further direction.	0-2 Years	Public outreach on programs options is scheduled for Winter/Spring 2024. Program options will be presented to the Board of Supervisors in Fall 2024.

3.1.1.O - Feasibility analysis of Expanded By-right Approval Program	Conduct an environmental constraints and feasibility analysis of expanding the By-Right Approval Program (3.1.1.B) to additional RHNA sites not eligible for ministerial process under AB 1397 (192 sites), if the developer agrees to provide at least 20% affordable housing and return to the Board with program options by the end of 2021 for further direction. The Feasibility Analysis of Expanded By-right Approval Program will consider mixed use and commercial sites, under the Housing Yields in Mixed-Use Zones program (3.1.1.H), if the project provides 20% affordable housing onsite. Staff will return to Board in December 2021 with funding/resource needs.	0-2 Years	The County has started an initial analysis for the By-Right Approval Program, including feasible options for an expanded program that would apply to additional sites. These options will be presented to the Board of Supervisors in Fall 2024, as part of the Housing Options Project.
3.1.2.A - Transit Nodes	Transit Nodes. Work with transit agencies, San Diego Association of Governments, and developers to facilitate development within identified transit nodes. Specifically, establish comprehensive planning principles for transit nodes such as Buena Creek Sprinter Station in North County Metro anticipated to begin in 2025. Additionally, continue current work on development of a Specific Plan in the Casa de Oro community, which will be completed by end of 2022, and will expand housing opportunities and contribute to a revitalized community center.	2-7 Years	PDS won a grant from SANDAG in 2022 and will be using it for a "Community-Based Transportation Program" in 2024. The Program will conduct outreach to four (4) communities and discuss their mobility needs. The needs will then be placed in a document with recommendations for implementation. The included communities are Buena Creek, Lakeside, Sweetwater and Spring Valley. The Twin Oaks Community Plan Update has currently been paused. The Department is developing an updated approach to Community Planning through the "Sustainable Land Use Framework".

	Through the community planning process, establish appropriate development standards and incentives to facilitate housing production and coordinate efforts for public facility and infrastructure improvements.	Ongoing	Planning at the community level to facilitate housing production and coordinate public facility improvements continues through code and design standard updates in response to state, regional, and Board of Supervisors direction and implementation of the General Plan goals and policies. Concurrently, the County is working to better understand the unique needs of the unincorporated communities through robust public engagement planning and the development of options for a sustainable land use framework that will evaluate the availability of services (infrastructure, amenities and social services to support quality of life), focus on economic development opportunities, and a development capacity and constraints analysis to facilitate further housing production.
3.1.2.B - Community Planning	Review the development designators in the Zoning Ordinance, and amend Code by the end of 2022 as necessary and appropriate to ensure that a range of housing types and densities can be achieved, and that the designators facilitate development at the maximum density allowed by the General Plan.	Ongoing	
3.1.3.A - Zoning Ordinance Cleanups	Amend the Zoning Ordinance by the end of 2022 to address multiple recent changes to state law regarding ADUs (including AB 587, AB 671, AB 68, and SB 13).		The County is developing a scope of work to procure a consultant to complete this program. The project is expected to be completed in 2-3 years.
3.1.4.A - Zoning Ordinance Amendments for Accessory Dwelling Units (ADUs)	Monitor state law on an ongoing basis and revise the Zoning Ordinance as appropriate.	0-2 Years	Project completed with Housing Zoning Ordinance Update in Summer 2023.

	Promote County incentives and tools available to facilitate ADU construction, including: •Continue to make preapproved ADU site/floor plans available to the public free of charge. •County Fee Waiver Program for ADUs (effective January 2019 through January 2024), which offers incentives above and beyond state law, to waive building permit fees, on-site wastewater fees, development impact fees, park fees, traffic impact fees, and drainage fees. •Annually monitor the development and affordability of ADUs. If trends indicate a potential shortfall in meeting the estimated 1,800 ADUs, consider additional efforts to incentivize ADU production and reassess and revise the overall sites strategy for the RHNA within one year through adjusting ADU capacity assumptions with actual permitted units, and/or identifying additional sites to expand site capacity to the extent necessary to accommodate the RHNA. Quantified Objectives:		
3.1.4.B - Accessory Dwelling Unit (ADU) Construction	•250 ADUs annually over 8 years for 2,000 units By 2023, develop a program and pursue funding to spur the development of affordable housing through the construction of ADUs.	0-2 Years	County continues to provide programs to facilitate the development of ADU, including pre-approved ADU plans free of charge. 426 ADUs were permitted in 2023, exceeding the annual goal of approval of 250 ADUs per year.
3.1.4.C - Affordable Accessory Dwelling Units (ADU)		0-2 Years	An analysis of various ADU subsidy programs offered through other jurisdictions revealed development and implementation of an ADU subsidy program administered by HCDS to be impractical.

3.1.4.D - Accessory Dwelling Unit (ADU) Subsidy Program	By 2023, develop program to encourage the construction of ADUs for vulnerable populations such as seniors, veterans, and low-income individuals or households in the unincorporated County. 0-2 Years	An analysis of various ADU subsidy programs offered through other jurisdictions revealed development and implementation of an ADU subsidy program administered by HCDS to be impractical.
3.1.4.E - Accessory Dwelling Unit (ADU) Efficiency Improvements program	By 2022 investigate opportunities to increase efficiency during the review of ADU applications, such as increasing coordination between departments, preparing informational handouts, and setting up a consultation process for applicants that are on septic. 0-2 Years	County continues to provide programs to facilitate the development of ADU, including pre-approved ADU plans free of charge. 426 ADUs were permitted in 2023, exceeding the annual goal of approval of 250 ADUs per year.
3.1.5.A - Build Green Incentive Program	Offer reduced plan check times and plan check and building permit fees for projects that use resource-efficient construction materials, water conservation measures and increased energy efficiency in new and remodeled residential and commercial buildings. Quantified Objectives: • 15 permits annually over 8 years for 120 permits Ongoing Continue to waive the cost to plan check/permit a residential solar PV building permit. The County will continue to promote this program on the County website.	County continues to provide programs to facilitate green buildings including incentives of reduced plan check turnaround time and a reduction in plan check and building permit fees for projects meeting the Green Building Incentive Program requirements in Natural Resource, Water, and Energy Conservation.
3.1.5.B - Residential Solar Photovoltaic (PV) Building Permits	Quantified Objectives: • 5,000 residential solar PV building permits annually over 8 years for 40,000 permits Ongoing	In 2023, there were 8,541 residential solar photovoltaic permits approved.

	On an ongoing basis, review and update the Density Bonus Ordinance to be consistent with state law. Specifically update ordinance by 2022 to address the following: •AB 1763 (Density Bonus for 100 Percent Affordable Housing) – Density bonus and increased incentives for 100 percent affordable housing projects for lower-income households. •SB 1227 (Density Bonus for Student Housing) – Density bonus for student housing development for students enrolled at a full-time college, and to establish prioritization for students experiencing homelessness.	0-2 Years	Project completed with Housing Zoning Ordinance Update in Summer 2023.
3.2.1.A - Density Bonus Ordinance Update	Publicize density bonus incentives to developers through community events and information posted on PDS and HCDS websites.	Ongoing	N/A
3.2.1.B - Density Bonus Projects	Implement expedited permit processing for affordable housing projects, including projects that qualify for density bonuses (in compliance with Board Policy A-68 as well as SB 35 – Affordable Housing Streamlined Approval). Continue to explore ways to expedite affordable housing development.	Ongoing	County prepared an Affordable Housing Expedited Permit Process and has developed guidelines for developer to apply for this process. Additional documents are now available on the County’s website. Additional streamlining opportunities will be brought forward with an Inclusionary Housing Ordinance in 2024.
3.2.2.A - Affordable Housing Projects			

3.2.3.A - Affordable Housing and Services Funds	Funding strategies for affordable housing and supportive services include: - Allocate funding, through the Notice of Funding Availability (NOFA) or other competitive process, in an equitable manner for affordable housing development, acquisition, rehabilitation, and/or supportive services. - Pursue funding programs (construction/permanent financing, operating subsidies, project-based vouchers, supportive services, etc.) available at the State and federal levels and explore local funding mechanisms for affordable housing and services. Specifically, target housing funds for persons with special needs, such as seniors, farm laborers, and persons with disabilities (including persons with developmental disabilities), and households with extremely low incomes. - Pursue strategies for expanding local affordable housing resources. Quantified objective: Facilitate the development of 150 lower-income units within the unincorporated areas over eight years. (The County also facilitates affordable housing in the cities Ongoing	HCDS received federal entitlement grant funding for housing opportunities. \$4,227,770 in Community Development Block Grant (CDBG) funds, \$3,496,403 in Home Investment Partnerships (HOME) funds, \$370,070 in Federal Emergency Solutions Grant (ESG) funds, \$371,557 in State ESG funds, and \$6,240,872 in Housing Opportunities for People With AIDS (HOPWA) funds. HCDS administered the Emergency Rent and Utilities Assistance (ERAP) program which has assisted over 23,530 households, of which 5,740 are located in the unincorporated area. In 2023, the ERAP program assisted 1,090 households, 240 of which were in the unincorporated area. The Housing Authority of the County of San Diego (HACSD) established the Rental Assistance for Small Landlord (RASL) program with \$5 million in federal funds which helps small landlords who are experiencing significant losses in rental payment income due to COVID-19. A total of 414 households were awarded since the RASL program started in September 2021, 82 of which resided in the unincorporated area. In 2023, 7 awards were made and of those 1 was made to landlords in the unincorporated area. The HACSD also established the Security Deposit Assistance Program (SDAP) with \$4 million in federal funds to assist renters who are unable to pay for a security deposit and who are relocating within San Diego County with a one-time payment. A total of 1,208 households were awarded since the SDAP program started in September 2021, 174 of which resided in the unincorporated area. In 2023, 221 were awarded and of those 27 were awarded to renters in the unincorporated area. In 2023, HCDS funded eight housing developments in the amount of \$50,597,323 to support the development/rehabilitation of 670 units. Funding sources include \$10,893,027 of federal HOME funds, \$11,700,000 of local Innovative Housing Trust

	Continue to provide HCVs including other PIH funded vouchers, such as VASH, Mainstream, FUP, etc., to extremely low- and very low-income households. These vouchers are not restricted to specific jurisdictions within the service area of the PHA. The Housing Authority uses Small Area Fair Market Rents to improve access to high-resource areas, improve choice, and deconcentrate poverty. Additionally, each year Payment Standards are set at the maximum amount allowable based on the annual budget.		
	Quantified Objectives: 6,000 extremely low- and very low-income households assisted with HCVs in the unincorporated area over 8 years		
3.2.4.A - Housing Choice Vouchers (HCV)	(Note: HCVs are available to income-eligible households PHA jurisdiction wide)	Ongoing	The Housing Authority of the County of San Diego (HACSD) has continued to administer the Housing Choice Voucher program for the unincorporated area and 13 other jurisdictions in the County. In 2023, out of the 11,649 households served, 2,211 low and extremely low-income households were served in the unincorporated area, including households assisted at three Project Based Voucher developments. Since 2021, the HACSD has served 6,573 extremely low- and very low-income households in the unincorporated area, with an unduplicated count of 2,749 households. In 2023, the Housing Authority of the County of San Diego (HACSD) administered Tenant-Based Rental Assistance (TBRA) programs to 383 participants using HOME, HOPWA, and other local funds. The HACSD served 83 low and extremely low-income TBRA households in the unincorporated area. TBRAs serve emancipated foster youth, families reunifying with children, persons coming from homelessness, and persons with an HIV/AIDs diagnosis.
3.2.4.B - Tenant-Based Rental Assistance (TBRA)	Continue to provide assistance to extremely low- and very low-income households.	Ongoing	

	Annually promote participation of current and new landlords in the Housing Choice Voucher (HCV) and other rental assistance programs through outreach and education. Information provided includes program rules, benefits of participation, processes for tenants and landlords, and other key program guidelines such as recent changes in applicable laws or program rules.		
3.2.4.C - Outreach and Education to Landlords	Quantified Objectives: Engage 100 new and existing landlords annually through advertising and outreach events.	Ongoing	In 2023, HCDS hosted 8 outreach events to inform our public housing communities of the benefits of participating in the Landlord Incentive Program, distribute housing resources, and provide advocacy and support. The landlord liaison hosted quarterly landlord meetings to provide insight on services including guest speakers from the San Diego Legal Aid Society and the San Diego Housing Commission. HCDS provided support to 9 outreach events throughout the San Diego community consisting of audiences ranging from families, general community, foster and kinship, and homeowners/landlords. The HACSD provided outreach and education to a total of 239 landlords.
	Assist low- and moderate-income households with low interest deferred-payment loans for down payment and closing costs.		In 2023 the Down Payment and Closing Cost Assistance (DCCA) program assisted 7 households in the unincorporated area. Additionally, the County of San Diego implemented a new program to assist moderate income households up to 120% AMI using state funds through the Permanent Local Housing Allocation (PLHA) Program. In 2023, the PLHA program assisted 11 households in the unincorporated area.
3.2.5.A - Down Payment and Closing Cost Assistance (DCCA) Program	Quantified Objectives: Assist 10 households in the unincorporated area with DCCA annually for 80 households over 8 years.	Ongoing	In 2023, a total of 18 households received down payment assistance. Since 2021, 37 households in the unincorporated area have been assisted under the DCCA and PLHA programs.

				HCDS administered various funding sources to address housing and homeless service’s needs, for persons experiencing or at-risk of homelessness: State Emergency Solutions Grant (ESG) funds are used regionally and intended to provide various services to families and individuals experiencing homelessness. In 2023, the State ESG Program provided rapid re-housing services to 163 households. The State ESG Program also provided emergency shelter services to 1,820 households. Federal Emergency Solutions Grant (ESG) is an entitlement grant also intended to provide various services to families and individuals experiencing homelessness, but specifically in the urban county. In 2023, the Federal ESG Program has provided homeless prevention services to 34 households, rapid re-housing services to 18 households, and emergency shelter services to 214 individuals and households. The California Emergency Solutions and Housing (CESH) program provides funds for homeless prevention services, bridge housing and flat rental subsidies, to assist persons experiencing or at risk of homelessness. In 2023 CESH funds were utilized to provide a flat rental subsidy to 79 households, bridge housing to 10 households, and homeless prevention assistance to 77 households.
3.3.1.A - Homeless Services Funding	Administer state, local, and federal funds aimed at addressing housing and service needs of persons experiencing homelessness or at-risk of homelessness.	Ongoing		
3.3.1.B - Zoning Ordinance Amendments to Facilitate Shelter Development	Pursuant to state law, amend the Zoning Ordinance by the end of 2022 to address the following recent changes to state law regarding housing for the homeless: •Low Barrier Navigation Centers (AB 101) •Emergency and Transitional Housing (AB 139) •Supportive Housing (AB 2162)	0-2 Years		Project completed with Housing Zoning Ordinance Update in Summer 2023.

3.3.2.A - Group Homes for Seven or More	In 2022, the County will review its Zoning provisions for large group homes (7+ persons) and will implement mitigating strategies to remove potential constraints and to facilitate objectivity in review and approval in the development of large group homes. Explore the feasibility of developing a program that would facilitate/remove barriers to senior and assisted living housing development, and return to the Board with program options, funding and resource needs by Fall 2023 for further direction.	Ongoing	The County is developing a scope of work to procure a consultant to complete this program. The project is expected to be completed in 2-3 years
3.3.3.A - Senior Housing Program Options	Annually coordinate with the DGS Real Estate Services Division and HCDS to update and maintain an inventory of surplus sites suitable for affordable housing. Annually evaluate the feasibility of using the surplus County sites for affordable housing.	0-2 Years	The County has started an initial analysis for the Senior Housing Program, including feasible options. Outreach is starting in Winter/Spring 2024 and is expected to go to the Board in the Fall of 2024.
3.3.3.B - Inventory of Surplus Sites		Ongoing	Three surplus sites were offered and awarded in 2023. Two sites were awarded to affordable housing developers and one site to another public agency. A total of six projects are in the process of securing funding for developments located on surplus sites. Additionally three affordable housing developments on surplus sites are under construction. Total units under construction in 2023 equals 500.
3.4.1.A - Preservation of At-Risk Housing	Work to preserve projects (totaling 22 units) identified as at risk of converting to market-rate housing. Strategies include: - Monitoring project status annually. - Ensuring property owners comply with the extended noticing requirement (three-year, one-year, and six-month notices) under State law. - Include preservation as an eligible use in Notices of Funding Availability.	Ongoing	In 2023, one Notice of Funding Availability (NOFA) was open and included language to encourage applications for preservation of unincorporated area affordable housing developments at-risk of conversion to market rate housing.

	Continue to provide home repair assistance to homeowners. Facilitate health and safety, accessibility, and weatherization improvements and installation of energy-efficient systems through this program. Annually explore additional funding opportunities from State and federal programs and emphasize outreach to communities (such as Backcountry) with concentrated substandard housing issues to expand participation in programs.		
3.4.2.A - Home Repair Program	Quantified Objectives: 30 completed home repair projects in the unincorporated area annually for 240 completed projects over 8 years.	Ongoing	In 2023, Home Repair program assisted 40 households in the unincorporated areas. Since 2021, 114 households in the unincorporated area have been assisted. Community meetings have been hosted on a variety of virtual platforms that include interactive features such as chats rooms, polls, and question and answer. For example, the virtual Annual Plan Community Forums facilitated on August 8 and 15, 2023 was held via Microsoft Teams. Public interaction options included polls, documenting feedback written in the chat feature, and documenting verbal feedback provided by members of the public. The County made efforts to broaden public participation for all community events and outreach campaigns including providing outreach materials in HCDS and County threshold languages, advertising on Facebook, the HCDS website, the County News Center, via mail and email, and providing physical copies of both English language and translated outreach materials. Additionally, all of the outreach/meeting platforms for landlord webinars, the Family Self-Sufficiency (FSS) program, and other related HCV programs was conducted via email, Microsoft TEAMS, Zoom, and Facebook.
3.5.1.A - Public Education Programs	Work with nonprofit organizations and other agencies in educating the public and community groups regarding the need for and benefits of affordable housing.	Ongoing	

				In Calendar Year 2023, HCDS conducted, participated in, or facilitated eighteen (18) outreach meetings, events, and webinars. Events may occur in-person, virtually, and hybrid (both in-person and virtually) and included the following: Seven (7) Annual Plan community forums hosted in August 2023, as well as five (5) Community Development Block Grant application workshops. Additionally, HCDS hosted three (3) noticed public hearings: one on April 4, 2023 to solicit input on the 2023-24 Annual Plan, one on September 12, 2023 to solicit input on the Consolidated Annual Performance and Evaluation Report (CAPER), and one on October 24, 2023 to solicit input about the FY 2024-25 Annual Plan Strategy. In total, 387 residents provided feedback on Annual Plan funding priorities. HCDS continues to participate in outreach and engagement for surplus sites, Housing Blueprint, and housing industry workshops and events like San Diego Housing Federation Roundtables. HCDS hosted two (2) meetings with the Resident Advisory Board (RAB) comprised of nine appointed residents of Public Housing or participants of the Housing Choice Voucher programs. Through the RAB meetings, the board members were able to provide recommendations to the Agency Plan, Administrative Plan, and the Admissions and Continues Occupancy Policies (ACOP). HCDS attended and presented at the Regional Task Force for Homelessness (RTFH) Conference on December 5-6, 2023, where the Landlord Incentive Program and importance of landlord engagement was shared with over 50 community partners. County has implemented outreach campaigns using several multi-media platforms, including eblasts, social media such as Facebook and NextDoor, as well as other meeting/discussion forums such as chat rooms and webinars. A key change in this year's outreach efforts to promote Annual Plan survey and community forums included establishing a project page on the Engage San Diego County website, the County's new Community Engagement portal. The improvements led to a 524% increase in total participation in the development of the Annual Plan Strategy compared to the prior year.
	Facilitate and participate in community meetings and/or workshops to assist neighborhoods in identifying projects and pursuing funding for improvements, provide education/outreach, solicit input from the community, and address affordable housing needs and other housing concerns from members of the public.			
3.5.1.B - Community Meetings and Workshops	Quantified Objectives: 10 community engagements annually.	Ongoing		
	Implement outreach campaign using multi-media platforms, including social media such as Facebook and YouTube, as well as other meeting/discussion forums such as chat rooms and webinars.			
3.5.1.C - Outreach Methods		Ongoing		

3.6.1.A - San Diego Regional Alliance for Fair Housing (SDRAFFH)	Participate in the SDRAFFH which coordinates regional responses to housing discrimination issues and monitors progress toward addressing impediments identified in the Regional Analysis of Impediments to Fair Housing. Ongoing	In 2023, HCDS attended 2 quarterly meetings hosted by neighboring Public Housing Authorities, 9 monthly subcommittee meetings with SDRAFFH, the Annual Fair Housing Conference from April 26-27, 2023, and the SDRAFFH Annual Meeting with the City of National City. HCDS also agreed to assist in creating the Regional Equity Plan in August 2023.
	Allocate resources to retain qualified fair housing service provider(s) to provide fair housing outreach, education, complaint resolution and referrals, testing, and tenant/landlord counseling. Scope of services includes bilingual outreach and education materials, multilingual tenant legal counseling, quarterly testing, and public seminars, among others. Encourage increased efforts to provide services in communities with disproportionate housing needs (such as Spring Valley, Bostonia/Lakeside, Valle de Oro, Rancho Santa Fe, Ramona, Fallbrook, Sweetwater, and Backcountry).	In Fiscal Year 2022-2023, 70 residents who lived in the San Diego Urban County, which is comprised of the unincorporated area of San Diego County, as well as the cities of Coronado, Del Mar, Imperial Beach, Lemon Grove, Poway and Solana Beach, benefited from the program.
3.6.2.A - Fair Housing Services	Quantified Objectives: 250 persons assisted with fair housing services annually for 2,000 persons over 8 years. Ongoing	In a continued effort to address the increase in evictions due to the Coronavirus Pandemic, a federally- funded American Rescue Plan Act (ARPA) Tenant Legal Services Program became effective on November 2021 and in FY 2022-23 the program served 1,825 unduplicated households in the entire County region. Since 2021, 4,168 unduplicated households have been assisted with tenant legal services.
3.6.3.A - Fair Housing Random Testing	Conduct random testing on a regular basis to identify issues, trends, and problem properties. Expand testing to investigate emerging trends of suspected discriminatory practices. Ongoing	In Fiscal Year 2022-2023, 40 fair housing tests with Source of Income as the test category were completed in the San Diego Urban County, which is comprised of the unincorporated area of San Diego County, as well as the cities of Coronado, Del Mar, Imperial Beach, Lemon Grove, Poway and Solana Beach.

3.6.5.B - Enhanced Housing Choices and Affordability in Areas of Opportunity, including Rancho Santa Fe	In areas of opportunity (such as Rancho Santa Fe and Alpine) and outside of areas of concentrated poverty (such as Spring Valley), develop and implement incentives to increase housing choices and affordability (including duplex, triplex, multi-family, ADU, transitional and supportive housing). Incentives and tools may include: permit streamlining, reduced fees, and other zoning tools.	0-2 Years	The housing options, housing zoning ordinance update, objective design standards projects are all zoning change projects that started in 2022 and ongoing.
3.6.6.A - Office of Environmental and Climate Justice	Establish an Office of Environmental and Climate Justice within the Land Use and Environment Group (LUEG) to ensure that County efforts are advanced to meaningfully address equity, environmental and climate justice and communities disproportionately impacted by environmental burdens and related health problems, and to ensure that the County's collective efforts in reducing greenhouse gas emissions, addressing food justice, transportation equity, and the protection of civil rights in emergency planning and response are also present.	0-2 Years	This item is complete. The Office of Environmental and Climate Justice was approved unanimously by the dais in May, 2021 and has been established as part of the Land Use and Environmental Group.
3.6.6.B - Conserved and Improved Assets in Areas of Lower Opportunity and Concentrated Poverty	Target investment in areas of most need focused on improving community assets such as schools, recreational facilities and programs, social service programs, parks, streets, active transportation and infrastructure. Coordinate with the Environmental Justice Element to identify target neighborhoods and strategies for implementation by 2025.	2-7 Years	This project hasn't started yet. The County anticipates starting the implementation of this program by 2025

3.6.6.D - Community Benefit Zoning, Enhanced Density Bonus, or Land Value Recapture Strategy	Explore tools to create amenities in neighborhoods of lower resources or generate funding for targeted neighborhood improvements. Develop list of implementation options to present to the Board of Supervisors for direction by the end of 2025.	2-7 Years	This project hasn't started yet. The County anticipates starting the implementation of this program by 2025
3.6.6.E - Fallbrook Subarea Plan	The County will complete a Fallbrook Subarea Plan by the end of 2023. The plan will include place-based strategies such as revised zoning, design guidelines, and landscape/streetscape plans that will contribute to the revitalization of the Fallbrook Village. The plan will also identify policies and strategies to address fair housing issues identified in the Housing Element's fair housing analysis. Implementation of these strategies will begin in 2023.	0-2 Years	The county has started the update of the Fallbrook Subarea Plan. Outreach was completed at the end of 2023 and the project is expected to be completed by the end of 2024.
3.6.6.F - Twin Oaks Community Plan Update	The Twin Oaks Community Plan update will address fair housing issues within North County Metro, Buena Creek station area. The plan will also identify policies and strategies to address fair housing issues identified in the Housing Element's fair housing analysis. Implementation of the Plan is anticipated to begin in 2025.	2-7 Years	The Twin Oaks Community Plan Update has currently been paused. The Department is developing an updated approach to Community Planning through the "Sustainable Land Use Framework."

3.6.6.G - Place-Based Strategies in Low-Resource Communities and Environmental Justice Communities	Implement place-based strategies in low-resource communities (Bostonia, Fallbrook, Spring Valley, and North County Metro), as well as environmental justice communities through Environmental Justice programs and policies. The place-based strategies will include anti-displacement strategies such as value recapture strategies, community-led programs to prevent displacement, foreclosure assistance resources, rent control policies, and protections for low-income renters. Development of these strategies will begin in 2022 and they will focus on revitalization and preservation of these communities and reducing displacement risks.	0-2 Years	The County has begun studying these areas for the Development Feasibility Analysis which is expected to be completed in Fall of 2024.
3.6.7.C - Proactive Housing Rehabilitation Resources	By the end of 2022, develop a proactive housing rehabilitation resources program that targets areas of concentrated rehabilitation needs to facilitate repairs and to mitigate potential costs, displacement, and relocation impacts on residents. Promote participation in community meetings by: • Addressing language barriers and meeting times. • Recruiting residents from areas of concentrated poverty to serve on boards, committees, task forces, and other local decision-making bodies.	0-2 Years	This program is in development with multiple departments across the County.
3.6.7.D - Participation in Decision Making Process		Ongoing	PDS has established the following processes: • Translate Gov Delivery Communications into 8 threshold languages (9 Dialects); • Provide flyers for webinars and public meetings in English and Spanish, and into any of the other threshold languages as determined by census data or by public request; • Websites available in all languages via the google translate function at the top of the webpage, • Public notices that are mailed out for projects are provided in all eight threshold languages.

3.6.7.E - Mobile Home Park Preservation	Implement County policy and procedure for mobile home park preservation. Provide technical assistance to park tenants to apply for grants to preserve the park.	Ongoing	The County has a policy related to preserving mobile home parks that continues to be implemented on an ongoing basis. Staff will continue to work to provide technical assistance and information to park tenants.
3.6.7.B - Department of Homeless Solutions and Equitable Communities	The creation of this new department will achieve better coordination of existing and future County homeless activities and programs and serve as a central point of contact and collaboration for outside partners in order to help vulnerable San Diegans and	Ongoing	HSEC accomplishments: 1. Continues with operationalizing plans for compassionate emergency housing solutions. As part of these efforts HSEC launched Magnolia Safe Parking in Unincorporated El Cajon and 5 other sites are under DGS consultant review for safe parking, safe RV camping and sleeping cabins. Also launched Building Partnerships Program for private/public partnerships to help establish sleeping cabin shelters on private property with one-time grants issued by HSEC. While these new solutions are explored, HSEC is leveraging RHAP program (Regional Homeless Assistance) to shelter those experiencing homelessness in unincorporated. HSEC is also leveraging Local Rental subsidy program for exits from RHAP into more permanent housing options. 2. HSEC issued \$10M in capital emergency housing grants and through this program 6 cities were awarded for 9 different projects which will create estimated 500 new emergency housing options in their jurisdictions. 3. HSEC in partnership with City of SD launched 150 bed emergency congregate Rosecrans shelter. 4. HSEC launched HomeSafe program for older adults experiencing homelessness, Pilot Shallow Rental Subsidy Program for Seniors, Specialized Funding for Imminent Needs flexible funding program, Eviction Prevention Program and three LGBTQ+ programs (housing, services and training capacity). HSEC is continuing key programs: Housing our Youth, three Community Care coordination programs for justice involved individuals and Housing and Disability Advocacy program serving those with disabilities. 5. HSEC received HHAP, HDAP and HomeSafe funding to expand services to vulnerable populations. HSEC led the encampment grant funding collaboratively with other jurisdictions to address large encampments in SD riverbed and Plaza Bonita area in South which brought \$22M in State funding to address encampments. 6. HSEC direct services staff completed 39K engagements with homeless individuals, 5.5K self-sufficiency applications and housed over 1.75K individuals in FY 22-23. 7. HSEC is working with City jurisdictions to develop by name lists that will help focus and coordinate efforts in addressing homelessness. 8. Board of Supervisors declared homelessness a public health crisis in September 2022. 9. Board directed County staff to develop predictive analytics and

- **Action Required:**
HHSA Agency Director signature on each Compliance Report for the County of San Diego Successor Agency and the Housing Authority of the County of San Diego Successor Agency.
- **Background and Expected Outcomes:**
The County of San Diego and the Housing Authority of the County of San Diego were designated successor agencies to the former redevelopment areas. Each successor agency must submit a SB 341 Compliance Report to its governing body on an annual basis.
- **Reason for Requested Action:**
Annual financial status update of the housing assets absorbed by successor agencies due to the dissolution of redevelopment agencies is required in accordance with Health and Safety Code Section 34176.1(f) of Senate Bill 341. These reports must be submitted to the governing body by the end of the calendar year.

Should you have any questions or concerns, please contact Kelly Salmons by email at Kelly.Salmons@sdcounty.ca.gov or by phone at (858) 694-4806.

Appendix 2 – Housing Successors to Redevelopment Agencies

On January 24, 2012, the County of San Diego was designated as the Successor Agency to the Redevelopment Agency. The Successor Agency is required to oversee the close out of the former Redevelopment Agency's operations. In accordance with Health and Safety Code Section 34176.1(f) of Senate Bill 341, a status update is provided of the assets of the two redevelopment areas, known as Gillespie and the Upper San Diego River Improvement Project. The County of San Diego Housing and Community Development Services has the responsibility of monitoring these developments annually and tracking the Low- and Moderate-Income Housing Fund. Fiscal year 2022-23 asset balances are identified in Attachment B. The Comprehensive Annual Financial Report outlines the financial activity for the Low- and Moderate-Income Housing Fund, as required by law.

SB 341 COMPLIANCE REPORT FOR THE COUNTY OF SAN DIEGO SUCCESSOR AGENCY TO THE FORMER SAN DIEGO COUNTY REDEVELOPMENT AGENCY

On January 24, 2012, the County of San Diego was designated as the Successor Agency to the Redevelopment Agency of the County of San Diego (Redevelopment Agency). The Redevelopment Agency was subsequently dissolved on February 1, 2012.

The Successor Agency is required to oversee the close-out of the former Redevelopment Agency's operations, following the steps established by California Assembly Bill (AB) XI 26 and AB 1484, commonly referred to as the Dissolution Laws. Designation of the Successor Agency was necessary to retain and preserve assets, fulfill legally binding commitments, oversee the termination of activities, and return resources expeditiously to the affected taxing entities. Since the designation, and as required by the Dissolution Laws, staff has ensured all appropriate actions have been taken to remain in compliance with legislation and State of California Department of Finance and State Controller procedures.

In accordance with Health and Safety Code Section 34176.1(f) of Senate Bill 341, Attachment A, is a status update of the assets of the two redevelopment areas, known as Gillespie and the Upper San Diego River Improvement Project (USDRIP). The USDRIP area contains two housing assets of the former Redevelopment Agency: Villa Lakeshore Apartments and Silversage Apartments. These assets are affordable housing developments that serve the community of Lakeside. The County of San Diego Housing and Community Development Services (HCDS) has the responsibility of monitoring these developments annually and tracking the Low- and Moderate-Income Housing Asset Fund, including program income. The Fiscal Year 2022-23 asset balances are identified in Attachment B.

Please refer to the Annual Consolidated Financial Report for the County of San Diego, pages 162, 167, and 183, which outline the financial activity for the Low- and Moderate-Income Housing Asset Fund, as required by law.

This report will be filed with the San Diego County Clerk of the Board of Supervisors.

If you have any questions, please contact David Estrella, JD, Director County of San Diego of Housing and Community Development Services via phone at (858) 694-8750, or via email at David.Estrella@sdcounty.ca.gov.

Respectfully,

Eric C. McDonald, MD, MPH, FACEP, Interim Agency Director

3	A statement of the balance in the fund as of the close of the fiscal year, distinguishing any amounts held for items listed on the Recognized Obligation Payment Schedule from other amounts.	The cash balances as of 6/30/23 are as follows: Gillespie Fund 12020 balance is \$404,818 and USDRIP Fund 12022 balance is \$38,559. No funds are being held for items listed on the Recognized Obligation Payment Schedule.
4	A description of expenditures from the fund by category, including, but not limited to, expenditures (A) for monitoring and preserving the long-term affordability of units subject to affordability restrictions or covenants entered into by the redevelopment agency or the housing successor and administering the activities described in paragraphs (2) and (3) of subdivision (a), (B) for homeless prevention and rapid rehousing services for the development of housing described in paragraph (2) of subdivision (a), and (C) for the development of housing pursuant to paragraph (3) of subdivision (a).	The FY 2022-23 expenditure for administration, monitoring, and preserving the long-term affordability of units was \$5,695 (Gillespie Fund 12020 \$5,689 and USDRIP Fund 12022 is \$6). No other expenditures from the fund were accrued.
5	As described in paragraph (1) of subdivision (a), the statutory value of real property owned by the housing successor, the value of loans and grants receivable, and the sum of these two amounts.	The Housing Successor does not own any real property. The total loans receivable as of the 6/30/2023 from Villa Lakeshore and SilverSage is \$3,417,073. Villa Lakeshore's portion is \$1,000,000 (\$575,000 from Gillespie and \$425,000 from USDRIP). SilverSage's portion is \$2,417,073 (\$1,891,449 from Gillespie and \$525,624 from USDRIP).
6	A description of any transfers made pursuant to paragraph (2) of subdivision (c) in the previous fiscal year and, if still unencumbered, in earlier fiscal years and a description of and status update on any project for which transferred funds have been or will be expended if that project has not yet been placed in service.	N/A. The Housing Successor did not enter into any agreements to transfer funds during FY 2022-23
7	A description of any project for which the housing successor receives or holds property tax revenue pursuant to the Recognized Obligation Payment Schedule and the status of that project.	The Housing Successor did not receive or hold any property tax revenue during FY 2022-23
8	For interests in real property acquired by the former redevelopment agency prior to February 1, 2012, a status update on compliance with Section 33334.16. For interests in real property acquired on or after February 1, 2012, a status update on the project.	N/A. No interests in real property were acquired on or after 2/1/12.
9	A description of any outstanding obligations pursuant to Section 33413 that remained to transfer to the housing successor on February 1, 2012, of the housing successor's progress in meeting those obligations, and of the housing successor's plans to meet unmet obligations. In addition, the housing successor shall include in the report posted on its Internet Web site the implementation plans of the former redevelopment agency.	N/A. The Housing Successor has no unmet relocation or displacement obligations.
10	The information required by subparagraph (B) of paragraph (3) of subdivision (a).	N/A. The Housing Successor expends all funds pursuant to 34176.1(a)(1).
11	The percentage of units of deed-restricted rental housing restricted to seniors and assisted individually or jointly by the housing successor, its former redevelopment agency, and its host jurisdiction within the previous 10 years in relation to the aggregate number of units of deed-restricted rental housing assisted individually or jointly by the housing successor, its former redevelopment agency, and its host jurisdiction within the same time period.	There are no units of deed-restricted rental housing restricted to seniors. Therefore the percentage of units is 0%.
12	The amount of any excess surplus, the amount of time that the successor agency has had excess surplus, and the housing successor's plan for eliminating the excess surplus.	The amount of excess surplus at the end of FY 2022-23 is as follows: Fund 12020 Gillespie \$405,069 and Fund 12022 USDRIP \$38,562. The Housing Successor plans to use this surplus for administration, monitoring, and preserving the long-term affordability of units pursuant to 34176.1(a)(1).
