To whom it may concern:

We have lived in Eden Valley since 1988 and want to comment on the recirculated EIR for the Valiano Specific Plan. We are offended by the off-handed remarks by the developer that Eden Valley is not a "community". Nothing could be further from the truth and it's an obvious ploy by the developer to circumvent years of planning and work between the community of Eden Valley and planning agencies (i.e., the General Plan). We agree 100% with the San Dieguito Planning Group's comment letter provided and sent on 1/12/17. We oppose the project as currently presented, and hope that as elected officials you will do the right thing and protect our rights as property owners, taxpayers and citizens of San Diego County.

Sincerely,

Karen and Marty Duddy
