**APPLICATION FOR URBAN SUBDIVISION
 ENVIRONMENTAL REVIEW EXEMPTION**
 ZONING DIVISION

Some subdivisions may be found to not have a significant effect on the environment and therefore may be found to be exempt from the provisions of CEQA, and from the requirement for the preparation of environmental documents. Section 15300 of the California Environmental Quality Act provides guidance for making this determination. If you believe that your project qualifies for exemption you may submit this form (PDS-314) instead of the Application for Environmental Initial Study (PDS-367). Staff will review this information to determine if the exemption can be granted.

A U.S.G.S. Map (8½" x 11") with project boundaries and four (4) photographs looking onto the site ARE REQUIRED with this application.

The information contained in this application will be reviewed to determine if an exemption can be granted.

YES NO

1. Does the project propose four or fewer parcels? Projects proposing more than four parcels do not qualify for the Urban Subdivision CEQA Exemption.

2. Does the property lie in a U.S. Census designated urbanized area? To find out, please review the U.S. Census website (www.census.gov) and open the Urban Area Reference Maps.

3. Check YES if the proposed division will not require any Variances or waivers and it tentatively conforms with the General Plan.
