3. The Storm Water Intake Form determines whether a project requires a Standard SWQMP or Priority Development Project (PDP) SWQMP. These forms and documents must be submitted as PDF files on the USB Flash Drive and have all required signatures.
4. One (1) single complete PDF file must be created for each PDS Form and also for each entire Study, Report, Set of Plot Plans, Set of Landscape Plans or Set of Maps etc. Do not "split-up" files, they must be complete.

Policy FP-2 does not apply if applicant has a letter from the fire department.
8. **Cell Sites Adding Generators:** Existing approved projects that are adding generators require a modification to the existing permit.
