

Course Title: **Overcoming Manipulation**

Instructional Time: 8-hours

Course Description:

This course is designed to provide probation officers with the necessary knowledge and skills to identify, pre-vent and respond to manipulation tactics used by offenders. Course participants will be able to recognize signs of manipulation using the C.H.U.M.P.S acronym system and will be able to identify specific techniques they can implement in order to reduce manipulation. Participants will be able to identify the importance of imposing boundaries with clients and effective ways to implement them.

*San Diego County hires an external instructor to teach this class; therefore, the material is not available for review as it is not property of the San Diego County Probation Department.
