Part 1
Viability
Not all business is good business!
WHAT IS VIABILITY?

The noun viability means the quality of being able to happen or having a reasonable chance of success.
HOW TO DETERMINE VIABILITY

- Does the County of San Diego procure your goods or services?
- Can your firm secure the appropriate amount of insurance required by the County of San Diego?
- Does your service/product purchased by the County of San Diego require bonding? If so, can you secure the appropriate amount of bonding?
- Does the County of San Diego have minimum requirements for your product/service that you can meet?
- Are your price points in alignment with previous contracts awarded
Is your firm capable of floating the cost of the contract, along with your other book of business, from performance to invoicing to payment?
NOW WHAT?

What do you do if you uncover that the County of San Diego is **NOT** a viable buyer?
