1.4. Bids received timely will be opened publicly following the due date and time.

1.4.1. Bids received and the abstract of responses will be posted to BuyNet after the bid opening.

1.5. The posted bid opening abstract of responses serves as Notice of Intent to Award ("NOI") to the apparent low bidder(s).

1.6. The County will evaluate bids received for conformance to the requirements of this RFB through a pre-award survey process. As a result of the pre-award survey, County may determine that a bid is non-responsive to the County's bid requirements or was submitted by a non-responsible bidder, as described in Section 3 below.

1.7. In the event the County finds an apparent low bid to be non-responsive or to have been submitted by a non-responsible bidder pursuant to Section 3 below, the County will post a revised NOI. The County may rescind or modify the NOI at any time.

2.7.1.1. Pricing shall not exceed two (2) digits to the right of decimal point (hundredths). If unit pricing exceeds two (2) digits to the right of the decimal point, any digit(s) beyond two (2) will be dropped and will not recognized by the County for the purposes of bid evaluation, contract award, or invoicing. The County will only use the first two digits after the decimal points without rounding up or down. If the County calculates a "new" unit price, said unit price will be in favor of the County and may be below the Contractor's original bid price. The "new" unit price shall prevail over Contractor's original bid price and shall be used in evaluation of bids, award, and invoicing.

2.7.2. All prices and notations must be clearly legible and in ink or typewritten. No erasures permitted. Mistakes may be crossed out and corrected and must be initialed in ink by person signing the bid.

2.7.3. Submitted bid prices must be balanced (reflecting the true relative costs of the bid items), and not shift costs from one portion of the work to another portion of the work so as to place doubt on whether the bid will result in the lowest overall cost to the County or be tantamount to allowing an advance payment.

2.7.4. Unless otherwise specified, all prices shall be F.O.B. destination.

2.7.5. Prices shall include all freight and/or delivery charges, unless freight or delivery charges are separately itemized or otherwise allowed for in the Payment Schedule.

2.7.6. Unless otherwise specified, prices bid herein should NOT include California sales/use tax or Federal excise tax. The County generally is required to pay California sales/use tax, and it should be shown as a separate item on invoices. The County is exempt from payment of Federal excise tax. It must NOT be included in invoices.

2.7.7. Do not include prompt payment discounts into your bid prices. Prompt payment discounts will not be considered in evaluation of bids to determine low bidder.

2.7.8. Prices shall be fixed during the performance of the Agreement and not subject to adjustment except as explicitly set forth in the Agreement. Bidder accepts the risk of any changes to bidder's costs during the term of the Agreement.

2.7.9. Estimated quantities may be included in the Payment Schedule, and are provided solely for evaluation of bids. They represent approximate anticipated use based on historical consumption or other estimates. If the County's actual requirements do not result in orders in the quantities described as estimated in the Payment Schedule, that fact shall not entitle the successful bidder(s) to price adjustment or other relief.

2.8. Reserved.

2.9. Reserved.

2.10. All bids become the property of the County. An Offeror may request the return of its bid upon withdrawal as specified in Paragraph 6, which return County may grant or deny in its sole discretion.

2.11. County has the right to withhold all information regarding this procurement (other than information disclosed through public bid opening) until after contract award, including, but not limited to, the County pre-award survey and results. Information releasable after award is subject to the disclosure requirements of the Public Records Act, California Government Code Section 6250 and following.

2.12. Reserved.

3. EVALUATION AND SELECTION

3.1. Award will be made to the lowest priced responsive bid(s) from a responsible bidder(s). The determination of lowest price shall include the application of the local preference, when applicable.

3.1.1. Award may be based on total bid amount, distinct lots, or individual items ("Basis of Award").

3.1.2. When determining lowest price for award, the County will not consider prompt payment discounts.

3.1.3. In the event of a conflict between unit price bid and bidder's extended price, the unit price will prevail unless the conflict is a result of a Mistake in Bid. In that event, the bid will be rejected as non-responsive.

3.1.4. In the event of a tie bid between responsible bidders, award will be by random selection through a process determined by County and observable by the bidders involved in the tie. Should one or more of the bidders involved in the tie be a Preferred Vendor, award will be made as described in 3.3 below.

3.2. The County reserves the right to perform a pre-award survey to determine whether a bidder is responsible (possessing the attributes of trustworthiness, quality, fitness, capacity, and experience to satisfactorily perform the contract) and whether a bid is responsive (conforming with material bid requirements).

3.2.1. As part of the pre-award survey, The County reserves the right to request clarification of and/or additional information ("Clarification") from Offerors.

3.2.2. The Contracting Officer will determine the appropriate means of Clarification. The County is not obligated to seek Clarification, so Offerors are advised to submit complete and accurate information in the bid.

3.2.3. The request for Clarification is not an opportunity for a bidder to modify their bid, but only to provide additional information requested by the County to support the pre-award survey.

3.2.4. The County may request that samples be provided as part of the bid process, including with the bid submission, when evaluating proposed equal items, or during the pre-award survey. Samples must be furnished free of expense to the County, prominently marked with the RFB number, and delivered to the location specified by the County. Upon request and where feasible, samples will be returned to bidder at bidder's expense and risk when County review is complete.

3.2.5. Failure to timely provide requested information or samples may result in a finding of non-responsiveness or non-responsibility based on the information available to the County.

3.2.6. The County may consider information known to the County in addition to the information provided in response to the RFB.

3.2.7. The County has the discretion to treat each lot or line item separately for purposes of evaluation, in accordance with the Basis of Award.

3.2.8. The County has the discretion, but not the obligation, to waive any minor irregularities or deviations from the requirements of the RFB. The County reserves the right to waive a variation in specification if County determines such variation does not materially change performance.

3.2.9. The County's determination of responsibility or responsiveness shall be conclusive.

3.3. Local preference: In accordance with Section 405 of the San Diego County Code of Administrative Ordinances, five percent (5%) or fifty thousand dollars ($50,000), whichever is less ("Price Adjustment"), shall be subtracted from the bid price of any Preferred Vendor (a Local Business that is also a Veteran Owned Business, Disabled Veteran Business, or Small Business) being evaluated for award ("Adjusted Price"). A Preferred Vendor's Adjusted Price shall be the basis for award to the lowest responsible bidder. In the event that one Preferred Vendor is involved in a tie for the lowest responsible bidder, the Preferred Vendor shall be awarded the contract. In the event that more than one Preferred Vendor is involved in a tie for the lowest responsible bidder, the County shall randomly select among those Preferred Vendors for contract award.

If a contract is awarded to a Preferred Vendor, it shall be awarded at the unadjusted bid price. For example, a Preferred Vendor submitting a bid for $100,000 would be evaluated as if the bid price was $95,000. If based on the Adjusted Price, the Preferred Vendor is the lowest responsible bidder, the Preferred Vendor would be awarded the contract at the unadjusted price of $100,000.

4. DETERMINATION OF ECONOMY AND EFFICIENCY

Pursuant to County Charter Sections 703.10 and 916, award of a contract resulting from this RFB may be subject to the County's requirement to determine that the services can be provided more economically and efficiently by an independent contractor than by persons employed in the Classified Service.

5. COUNTY COMMITMENT

5.1. This RFB does not commit the County to award, nor does it commit the County to pay any cost incurred in the submission of the bid, or in making necessary studies or designs for the preparation thereof, nor procure or contract for services or supplies. Further, no reimbursable cost may be incurred in anticipation of a contract award.

5.2. The County reserves the right to accept or reject any or all bids received as a result of this RFB or to separately procure the same or similar goods or services.

5.3. The County reserves the right to terminate this RFB in part or in its entirety at any time prior to contract execution.
5.4. No prior, current, or post award communication with any officer, agent, or employee of the County shall affect or modify any terms or obligations of this RFB except as explicitly provided for in this RFB.

6. LATE, MODIFIED, OR WITHDRAWN BID

6.1. A bid that is received, but that is not received at the office or by the electronic means designated in the solicitation by the exact time specified for receipt will not be considered unless: it is received before award is made; the County determines that it is in its best interest to accept the bid; and
6.1.1. It was sent by mail or personal delivery, and it is determined by the County that the late receipt was due solely to mishandling by the County after receipt by the County; or
6.1.2. No responsive bid was submitted.
6.2. Bids may not be modified after the due date and time. Bids may not be withdrawn after the due date and time except in the event of a Mistake in Bid, provided that the Offeror notifies the County of the Mistake in Bid, specifying in detail the mistake and how the mistake occurred, within five (5) business days.
6.3. A mistake in bid ("Mistake in Bid") is defined as a mistake that (1) made the bid materially different than the bidder intended it to be, and (2) was made in filling out the bid and not due to error in judgment or to carelessness in inspecting the site of the work, or in reading the requirements.

7. DILIGENCE

7.1. County, its agents, advisors, and representatives make no representation or warranty, express or implied, as to the accuracy or completeness of any provided diligence material. Without limiting the generality of the foregoing, the diligence material may include certain statements, estimates, and projections provided by or with respect to the County. Such statements, estimates, and projections reflect various assumptions made by the County, which may or may not prove to be correct. No representations are made by the County as to the accuracy of such statements, estimates, projections, or assumptions.
7.2. Offerors are expected to perform reasonable due diligence with regard to the work required. The Selected Bidder(s) shall not be entitled to any price adjustment or other relief based upon information that was discovered or should have been discovered through due diligence. Such due diligence shall include but not be limited to, information that can be obtained during a site visit, if applicable (including verification of measurements, conditions, and other attributes of the site), or independently to the extent that information about the work required or the site is otherwise available for inspection or review.

8. DUTY TO INQUIRE, QUESTIONS, AND EXPLANATION TO OFFERORS

8.1. Offerors' Inquiries and County Responses – All communications from the Offeror (including its employees, agents, and representatives) to the County or its officers and employees (including consultants working on or assisting with this procurement), related to this RFB or the Offeror's bid, must be directed in writing exclusively to the Contracting Officer, unless otherwise authorized in writing by the Contracting Officer. Any improper contact may, at County's sole discretion, cause the Offeror to be removed from consideration for contract award.
8.2. Should an Offeror find discrepancies in or omissions from, or be in doubt as to the meaning of, the RFB or related documents, Offeror shall have a duty to at once notify the County. Such notifications, or other requests for explanation regarding the RFB or related documents, shall be directed to the Contracting Officer in writing as a question ("Question").
