If you want people to participate in the process, this commission needs to look like the community it represents. So we encourage you to be thoughtful in your selection of racial, ethnic, and geographic diversity of the remaining six commissioners.

Congratulations, thank you commissioners for your service. I am Nancy with PANA, a nonpartisan organization that represents the AMEMSA community. We understand your selection was a result of a random drawing and selecting the next 6 commissioners is critical. If you want people to participate in the process, this commission needs to look like the community it represents. So we encourage you to be thoughtful in your selection of racial, ethnic, and geographic diversity of the remaining six commissioners.

Congratulations, thank you commissioners for your service. I am with PANA (Partnership for the Advancement of New Americans), a nonpartisan organization that represents Middle Eastern, Muslim, and East African communities in San Diego.

We understand your selection was a result of a random drawing and selecting the next 6 commissioners is critical. If you want people to participate in the process, this commission needs to look like the community it represents. So we encourage you to be thoughtful in your selection of racial, ethnic, and geographic diversity of the remaining six commissioners.

Again congratulations on your position and we look forward to working with you.
