My name is Peggy Abbott,

I am a resident of San Marcos, CA. My community consists of Oceanside, Carlsbad, San Marcos, Vista and Escondido along the 78 corridor. For years, County politicians mashed together coastal North County with rural East County into a district that didn't truly serve either community's needs. This independent commission can fix that by drawing district lines that finally serve the people, not the politicians.

Along the 78 freeway are these five cities (Oceanside, Carlsbad, Vista, San Marcos, Escondido) sharing the same economic system, including jobs, schools, healthcare, & housing.

These cities are also often impacted by the same environmental issue.

These cities share the same economic system, including jobs, schools, healthcare, & housing.

These areas are also close to Camp Pendleton & home for many veterans.

All of these issues affect these cities together that make them a part of the North County & they should stay together in district 5.

Give our community the power to have our voice heard and our interests championed.

Escondido has been split away from the North County areas when it actually identifies more with our ways of life. It should be added back and become part of the current District-5 (Vista, San Marcos, Oceanside and Carlsbad along with the corridor of 78) where we all belong.
