My Communities of Interest lives along both sides of the 15 + above 78 corridors. It is the Latinx, BIPOC, and intersectionally LGBTQ+ Communities that live in North County San Diego.

This includes areas such as: Escondido, Valley Center Pauma Valley, Native Reservations, Fallbrook, San Marcos, Vista, Bonsall, Rainbow, and Oceanside. These areas of North County San Diego are connected culturally and socioeconomically. They should be in the same District 5.

Those who live Rurally in areas such as Valley Center, Pauma Valley, and Fallbrook commute to more urban cities, such as Escondido and Oceanside. This is due to the lack of sustainable transit and less access to healthcare, education, and many other resources in those pockets of North Inland. Many residents from these communities work and go to school in the more Urban parts, like Escondido and Oceanside. Many live in Urban cities and have families who don't always have access to the internet who live in the Rural communities. Those who live in more isolated Rural parts of North County tend to need the most assistance with health resources - due to the isolation.

Please keep these communities together so it's more accessible to reach only one County Supervisor for public wellness.
