Hi, my name is Karin Brennan. I tried to stay on the call as long as I could but finally had to drop for another call tonight. I am a longtime resident of Carlsbad and also an Army veteran. I want to start by thanking the Commissioners for doing the hard work on this effort, including taking the time to listen to all the communities involved. Over the past few months, you have also listened to people like me, who are part of specific communities of interest. As you know, there are many veterans who live in North County. Many of us live and work along the I-78 corridor, and I am encouraged to see that Draft map #2 mostly represents the request from veterans who have asked to keep our community connected. The only thing we don't see included is the area of Camp Pendleton, that also represents a strong military community. So, thank you for Draft Map #2, but I request that you also consider including Camp Pendleton as well. Thank you again for your time.
