I live and am active within the College Area Community Planning Area in the city of San Diego. This is an urbanized area, ill-suited to be within the sprawling, rural 2nd district. We are better suited to be within the urbanized District 4, as our immediately adjacent communities of Talmadge, City Heights, and Eastern Area are. We are all in City Council District 9 and have been working together on the city's redistricting. The Board of Supervisor districts may be even more important. I believe the College Area should be moved back into a more urbanized district as we were prior to the last redistricting.
