Subject: [External] City Changes???

I am emailing you as I do not agree with the district map changes!!! Who and Why are these cities being changed? I have now heard the name Patricia Sinae (not sure of the spelling of the last name) in a very negative way and that she has made changes that are very political and that is not what the district map is about, changes keep on being made and it seems no one is being held accountable for there actions. Politics has over stepped its way into every waking hour and it is now very scary as to where we are all headed. Someone has bought Patricia Sinae for her to be breaking up the districts the way she is doing. Leave the District the way it is!!
